Message from the Chairman

In recent years, we have witnessed a major shift towards premium and luxury vehicles. Factors like rising disposable incomes and aspirations are driving demand. Luxury car penetration in India remains around just 1% of the overall passenger vehicle market, amongst the lowest globally, representing massive headroom for growth.

Dear Shareholders,

I am honored to present Landmark’s first annual report after our successful IPO. This year marks our 25th anniversary - a journey of premium excellence from humble beginnings to becoming India’s leading automotive retail business.

Our IPO garnered a good response, with a subscription rate of 3.06 times. This serves as a testament to the immense trust and support of investors. We are deeply honored to have such strong backing as we remain dedicated to our focus on high-growth segments. We used our IPO proceeds of ₹ 1,391 Million to repay our working capital loans in line with the Utilisation of Net Proceeds as stated in the Prospectus.

The previous two years presented the world with unprecedented challenges, significantly impacting economies. However, emerging economies, particularly India, demonstrated better resilience. Across the world, listed and organised auto retailers have played a crucial role in developing and strengthening automobile markets. With India now the third largest automobile market globally and car penetration still only around 22 per 1,000 people, there remains huge potential for further growth.

In recent years, we have witnessed a major shift towards premium and luxury vehicles. Factors like rising disposable incomes and aspirations are driving demand. Luxury car penetration in India remains around just 1% of the overall passenger vehicle market, amongst the lowest globally, representing massive headroom for growth.

Moreover, India’s per capita income is projected to rise from USD 2,301 in March 2022 to USD 5,242 by 2030. This substantial increase is expected to drive the demand for premium and luxury cars exponentially, establishing India as a prominent market for global OEMs.

The premiumisation trend is accelerating, presenting significant opportunities as the mass market stagnates.

The surge in premiumisation can be attributed to Young aspirational customers with growing disposable incomes driving top-end variant and EV demand. They seek luxury vehicles offering cutting-edge features and technology along with performance and eco-consciousness. This reflects customer preference for high-performance and environmentally conscious options.

Furthermore, the Indian government’s emphasis on infrastructural development is increasing in demand for commercial vehicles. This trend has and will continue to benefit Landmark, as we also cater to the commercial vehicle segment through our dealership for Ashok Leyland in various regions of Gujarat.

We expanded our presence by opening three sales outlets for BYD in Delhi, UP and Mumbai, as well as two Jeep outlets in Navi Mumbai. In Kolkata, we upgraded to a larger workshop for Mercedes-Benz.

Over the past 25 years, Landmark has established itself as the largest partner for its OEM brands in India, driven by its relentless pursuit of excellence and strategic partnerships. This has led to remarkable growth and success within the market. We have consistently expanded our dealership network to offer customers extensive premium vehicle choices.

In 2022-23, we expanded our presence by opening three sales outlets for BYD in Delhi, UP and Mumbai, as well as two Jeep outlets in Navi Mumbai. In Kolkata, we upgraded to a larger workshop for Mercedes-Benz.

We are introducing a new pillar of pre-owned car sales. The pre-owned car market is approximately 1.4 times the size of the new car market and is projected to grow even faster.

Landmark is dedicated to ensuring customer satisfaction by providing a comprehensive suite of services to enhance the ownership experience. Our offerings encompass new vehicle sales, third-party financing and insurance products, after-sales service and spare parts, as well as pre-owned passenger vehicle sales. We ensure that our customers' needs are met at every stage, backed by strategic collaborations and investments in technology. This includes our foray into the EV market in partnership with BYD, as we align ourselves with sustainable mobility solutions and envision a future-oriented approach.

With our extensive network of outlets across 26 cities in 8 states and union territories, Landmark remains accessible to customers nationwide.

Over the past 25 years, Landmark has established itself as the largest partner for its OEM brands in India, driven by its relentless pursuit of excellence and strategic partnerships.

Behind our success lies a dedicated team of over 4,000 individuals, guided by experienced professional management and recognised for their exceptional people management practices. Together, we strive to provide unparalleled experiences and uphold our position as a leader in the automotive industry.

The business model followed in India for auto retailers has 2 pillars.

- ① Sales and sales-related incomes like finance commission, Insurance commission, and accessory sales.
- ② After sales/services Business.

To capitalise on the potential in the Indian auto market, we are introducing a new pillar of pre-owned car sales. The pre-owned car market is bigger than the size of the new car market and is projected to grow even faster. We have devised a unique business model to make this segment profitable and believe it will contribute meaningfully to our profitability and customer retention.

Our financial performance for 2022-23 has been remarkable despite the economic challenges. We have witnessed a growth of 36.4% in proforma revenue, amounting to ₹ 45,950 Million compared to ₹ 33,691 Million in the previous year. This highlights the growing demand for premium vehicles and our strong

ability to cater to the rising demand. The number of vehicles we sold increased to 21,310 during 2022-23 showcasing a rise of 10.6% as compared to the previous year. The number of vehicles serviced has also increased by 13.9% to 3,17,954 in 2022-23. Our EBITDA margins stands at 5.4%. This demonstrates our commitment to operational efficiency and cost optimisation. Furthermore, our PAT stands at ₹ 851 Million, showing a substantial growth of 28.6% over the previous year.

FY23 was the first full year under the new direct billing model with Mercedes-Benz. This has significantly reduced working capital needs and increased retained margins. While chip shortages and supply chain disruptions impacted the supply of some fast-moving vehicles, proforma turnover still grew healthily.

We will focus on expanding our geographic presence across India by establishing new showrooms and workshops. Our additional focus will be on the pre-owned vehicle segment, leveraging our strengths, skilled workforce, robust infrastructure, and strong brand image

Looking ahead, we will focus on expanding our geographic presence across India by establishing new showrooms and workshops. Our additional focus will be on the pre-owned vehicle segment, leveraging our strengths, skilled workforce, robust infrastructure, and strong brand image.

To enhance the customer experience, we are intensifying our efforts to leverage technology, streamline processes, and provide personalised services. We believe this strategic focus on technology will keep us at the forefront of industry advancements and propel us forward in India's growth story. India's auto retail sector remains highly fragmented. There is sizable potential for organised players like Landmark

to consolidate their share. Leveraging our strengths - including scale, reach, infrastructure, and renowned OEM partners & capital, we are well-positioned to capitalise on the industry's strong growth prospects.

Closing Note

I am deeply grateful to every member of the Landmark family for their unwavering commitment, tireless efforts, and invaluable contributions that have led to our remarkable success. Together, we have surpassed significant milestones and set new benchmarks within the automotive industry. I would also like to express my sincere appreciation to our esteemed OEM partners for their unwavering support and trust in our shared vision. Their collaboration

has been instrumental in our achievements. I extend my gratitude to our shareholders and investors who have demonstrated their unwavering support and belief in the Company. It is through the collective efforts and support of all stakeholders that Landmark continues to thrive and excel. I look forward to our continued collaboration as we shape the future of the automotive industry together.

Sincere regards,

Sanjay Thakker

Landmark Committed to Premiumisation

Landmark offers comprehensive services catering to all aspects of the luxury and premium car ownership experience across India. With a strong commitment to customer satisfaction, the Company strives to provide a seamless experience for premium and luxury auto enthusiasts.

The Company's primary objective is to deliver a comprehensive and streamlined automotive experience catering to the diverse needs of its customers at every stage of their vehicle ownership journey from acquiring a brand-new vehicle, exploring financing or insurance options, accessing maintenance and spare parts services, and purchasing a pre-owned vehicle.

Presence across the Automotive Value Chain

New Vehicle Sales

Landmark offers a wide range of new passenger vehicles, from premium to luxury, electric vehicles as well as commercial vehicles. For premium passenger vehicles, the Company retails brands like Honda, MG Motor, Volkswagen, and for mass segment it retails Renault. In the luxury segment, Landmark provides access to coveted global marques including Mercedes-Benz, and Jeep. The Company also partners with BYD for electric vehicles, capitalising on sustainable mobility growth. Landmark's partnership with Ashok Leyland caters to buses, trucks, tippers and trailers, diversifying revenues beyond just cars.

This extensive brand portfolio representing eight OEMs provides Landmark presence across vehicle categories - from affordable hatchbacks to upscale SUVs, high-end electric sedans, and commercial vehicles. Leveraging understanding, Landmark identifies growth areas early and adapts its brand mix to align with consumer preferences. New outlets have been added for Mercedes-Benz, Honda, Jeep, BYD and MG Motor dealership in response to demand trends.

Workshops

Vehicle Finance and Insurance Sales

As a value add-on to its passenger vehicle sales, Landmark takes pride in facilitating the sale of insurance policies, providing customers with access to reliable coverage. Additionally, the Company assists them in securing vehicle finance, thereby simplifying the process. The sale of insurance policies serves as a recurring source of income for the Company. It also helps Landmark to foster stronger customer relationships through policy renewals and paperwork in the event of claims.

Pre-Owned Passenger Vehicle Sales

Own Brands' Used Car Business Model is an innovative platform for our valued customers that enables them to sell their existing cars through our workshops and upgrade to a new car model of the same brand.

The purchase of the existing cars at the workshop ensures the lowest acquisition cost for the dealership. The team of qualified technicians ensure the flawless and rational refurbishment of the used cars. Our dedicated new car sales team, which has experience of selling both new and used vehicles of the same brand, sells these refurbished cars. By utilising our current ecosystem of resources, infrastructure, technological know-how, and skilled manpower, we are poised to buy our own brand used cars, optimise the cost of refurbishing, and implement disposition through new car showroom.

The edge of this business model is that it empowers the customer to enjoy all the benefits by paying a lower EMI, which includes warranty, service cost, insurance, and a future buy-back guarantee enabling the customer a complete peace of mind. Along with that, it also caters to the customers seeking used/refurbished cars.

After-Sales Service & Spare Parts

The Company's after-sales service and spare parts offerings at each of its service centres comprise repair and collision repair services. This includes warranty work, insurance claim work, and customer-paid services. The Company operates as an authorised service centre for Mercedes-Benz, Honda, Volkswagen, Jeep, Renault, MG Motor, BYD and Ashok Leyland, providing after-sales service and repairs through 53 workshops.

The after-sales services business provides a stable revenue stream for the Company, contributing higher-margin revenues. This effectively mitigates the cyclical nature of new vehicle sales. Our after-sales offerings include:

Customer-paid services

Performing paid repairs and maintenance outside of warranty

Warranty work

Carrying out repairs and maintenance covered by factory warranties

Accessories

Selling and installing parts to customise vehicles

Collision and repair services

Providing bodywork, paint, and other repairs to fix collision damage and restore vehicles

By placing a strong emphasis on customer service, Landmark achieve increased customer retention and higher revenue per serviced vehicle. Landmark has gained a first-mover advantage by acquiring exclusive brand and distribution rights for India with esteemed companies like Permagard LLC (USA) and Smart Origins PTY LTD - MotorOne (Australia). Additionally, the Company also sells car accessories under the banner 'Landmark Genuine Accessories'.

Leveraging technology, the Company enhances efficiency and customer convenience through its user-friendly website. This enables customers to conveniently book service appointments, track vehicle maintenance, and access service estimates.

After-Sales Business - Growing At A 20% CAGR

Growth Drivers of Premiumisation

Changing Demographics of Car Buyers

The demographic landscape of car buyers is experiencing a notable transformation, with younger customers and salaried professionals leading the way. This shifting preference reflects the evolving aspirations and expectations of this demographic segment in the automotive market.

Economy Reviving

A robust economic revival, bolstered by strong corporate earnings and increased infrastructure spending by the Government, is driving and providing substantial support to sales in the automotive industry.

Increasing Disposable Income

A substantial surge in disposable incomes within urban and semi-urban regions, coupled with an increased inclination towards spending, is fuelling the demand for discretionary purchases in the automotive sector. This trend is particularly evident in the growing preference for spending on private vehicles.

Rise in Preference for Top-End Variants

There is a rapid and notable shift towards favouring top-end variants in the luxury car market, particularly for performance brands and electric vehicles.

Landmark's Fuel for Future Growth

Over the course of its 25-year journey, Landmark has strategically aligned itself to thrive alongside India's growth. This philosophy forms the bedrock of the Company's values and has been instrumental in its development. With a steadfast commitment to this core philosophy, Landmark has positioned itself to flourish alongside a rapidly advancing India, particularly as the nation approaches the pivotal milestone of becoming a USD 5 Trillion economy and looks beyond.

Landmark Strategies Ahead

India's Growth Going Forward

The Indian economy is on a promising trajectory towards becoming the largest economy in the world. Currently ranked as the third-largest economy globally in terms of Purchasing Power Parity (PPP), India holds approximately a 7% share of the global economy. This share is projected to grow even further as the Indian economy is poised to achieve a robust growth rate of over 6% from CY 2024 to CY 2028, surpassing the significant milestone of USD 5 Trillion in GDP. The positive momentum extends to the GDP per capita, which is expected to reach USD 5,160 by 2030, a substantial increase from USD 2,301 in March 2022. This substantial growth in GDP per capita will significantly enhance consumer spending capacity, driving a surge in discretionary spending within the economy. Consequently, the demand for premium and luxury cars is expected to experience a notable increase, primarily fuelled by the prosperous and expanding middle class.

Capitalising on opportunities

Landmark is well-positioned to capitalise on the anticipated surge in demand for automobiles in India, with a specific focus on the flourishing premium and luxury car segments. The Company's objective is to harness the power of its strong relationships with original equipment manufacturers (OEMs) to expand its geographical footprint and attain economies of scale. By strategically diversifying its portfolio, Landmark aims to enhance its market presence and cater to a wider range of customers. These strategic initiatives will enable the Company to tap into the growing automotive market in India and solidify its position as a leader in the industry.

Customer retention

In our pursuit to cater to our customers with the best of services and increase customer retention ratio, our strategic growth plans includes expansion of its workshops and service centres. By adding these facilities, the Company aims to provide comprehensive and convenient maintenance and repair services to its customers. It is optimising centralising. Additionally, Landmark has strategically positioned itself as a market leader by successfully acquiring exclusive brand and distribution rights for India from Permargard LLC (USA) and Smart Origins PTY LTD - MotorOne (Australia). Moreover, the Company has further expanded its product offerings by establishing 'Landmark Genuine Accessories', a dedicated banner under which it sells a wide range of car accessories.

Leveraging technology

Landmark has prioritised strategic investments in IT systems to drive operational optimisation and streamlining processes. Recognising the significance of its online presence, the Company consistently improves its digital platforms to generate leads and deliver exceptional customer experiences. Embracing a culture of innovation, Landmark actively seeks partnerships with technology-focussed companies to stay at the forefront of industry advancements. Through the development of analytical models, the Company gains valuable insights into customer behaviour, facilitating targeted cross-selling initiatives.

Expanding geographic reach

Landmark actively takes a strategic approach to acquiring newer location and brands to expand its geographic reach. The Company aims to establish its network in fast-growing demographic areas, particularly those with a growing upper-middle class population. With a focussed approach, Landmark identifies acquisition targets that offer a competitive advantage, enabling independent operations within the targeted area.

Expanding pre-owned cars retail

As a key part of its business strategy, Landmark actively engages in the buying and selling of its own brand pre-owned cars. This initiative involves leveraging the Company's existing infrastructure and skilled manpower to ensure seamless operations in addition to an industry-leading AI-based evaluation platform. This enables Landmark to offer customers reliable and high-quality options. The efficient business model employed by the Company optimises profitability, while meeting the growing demand for affordable and trustworthy pre-owned cars.

Management Discussion and Analysis

Global economy

The global economy showed resilience amidst multiple challenges in CY 2022. Inflation surged to 8.7% due to pandemic-induced supply disruptions. To counter rising prices, central banks implemented synchronized monetary tightening. These concerted efforts helped ease commodity market disruptions caused by the war, though risks remain.

According to IMF estimates, growth slowed across regions. Advanced economies grew 2.7%, down from 5.2% in 2021. Emerging markets expanded 4.0%, compared to 6.8% in prior year. Behind this moderation was rapid inflation, which reached multi-decade highs, forcing consumers to cut back on spending.

Policymakers deployed a range of tools to combat price pressures. Central banks enacted aggressive interest rate hikes while governments provided fiscal stimulus. The combined response helped restrain inflation expectations. As supply chains normalise and commodity prices stabilise, inflation is projected to fall to 7.0% in CY 2023.

This outlook faces risks from potential COVID-19 resurgences and escalating geopolitical tensions. However, the global economic recovery has proven resilient thus far. Continued international cooperation will be key to sustaining growth while restoring price stability. With appropriate policies, the world economy can transition towards more balanced and sustainable growth over the medium term.

Indian economy

During the year 2022-23, India emerged as the world's fifth-largest economy in the world, solidifying its position as a global economic powerhouse. The GDP grew by 7.2% during the year, valuing the GDP at USD 3.5 trillion. This growth can be attributed to several factors, including increased domestic consumption, higher capital expenditure, foreign investments, supportive government policies, a thriving manufacturing sector, and impressive export performance as one of the fastest-growing economies in the world during the year 2022-23.

The Reserve Bank of India's interest rate hikes played a significant role in controlling inflation and bringing it within the target range. For the year 2023-24 the inflation rate is projected to be at 5.2% while the GDP is expected to grow by 6.5% during the same period.

Further, the Union Budget for 2023-24 focused on seven key areas, acting as the guiding principles for the nation's development. These areas are referred to as the "Saptarishi" and include inclusive development, reaching the last mile, infrastructure and investment, unleashing potential, green growth, youth power, and the financial sector.

Capital expenditure was prioritised by the Indian government in the budget for 2023-24, with an increase of 33% to ₹ 10 Lac Crs. This significant investment in infrastructure is expected to have a positive impact on the economy and foster sustainable growth over the long term.

Industry Overview

Indian Passenger Vehicle Industry

The Indian Passenger Vehicle (PV) industry is categorised into three segments: mass market, premium, and luxury vehicles.

In the year 2022-23, the Indian PV market experienced its highest-ever sales, marking the first full year without the impact of Covid. After facing challenges in terms of demand and production, PV sales surged by 26.7% to reach 38,90,114 units in 2022-23, compared to 30,69,523 units in 2021-22. This segment posted the highest-ever domestic sales surpassing the previous peak of 2018-19. The Society of Indian Automobile Manufacturers (SIAM) reported that the shortage of semiconductor chips had eased and there was an increased demand for sport utility vehicles (SUVs). Despite inflationary pressures, factors such as improved chip supply, higher incomes, and pent-up demand, particularly for SUVs, contributed to the sales growth. The growth of the passenger vehicle market is expected to be driven by several factors in the coming years. These include economic growth, rising disposable incomes, favourable

financial conditions, a modest increase in the cost of acquiring PVs, improved availability of auto finance, and increased vehicle penetration in rural markets, tier-III, and tier-IV cities.

For the year 2023-24, the Indian PV industry is projected to see steady growth, with sales expected to reach approximately 40.5-41.5 lakh units, reflecting a growth rate of 3.5-6.0%. This growth will be driven by multiple factors. Firstly, the overall growth of India's economy and its progress toward becoming a USD 5 Trillion economy will result in increased incomes and, consequently, higher demand for passenger vehicles. Additionally, there is a growing preference for vehicles that offer superior aesthetics and advanced technology, which will increase the demand for premium and luxury vehicles. Moreover, with the additions of Electric Vehicles (EV) to the current fleet, the industry is expected to witness an increase in EV offtake from the current levels moving forward.

Indian Luxury Cars Segment

Asia leads global ultra-high net worth individual (UHNWI) growth estimates over the next 5 years at 39%, with India expected to see a dramatic 63% rise. India's UHNWI population is already 10x larger than Indonesia's and 14x the Philippines' but only represents 1% of the total presently. However, wealth forecasts show India's affluence threshold nearly tripling in 5 years as the economy expands.

This mirrors wider trends of rising prosperity in India and China, where high net worth individuals (HNIs) have proliferated. Knight Frank predicts a 75% Indian HNI increase by 2025, from 3.5 lakhs in 2020 to 6.11 lakhs. Similarly, India's UHNIs are expected to surge 63% from 6,884 to 11,198. As HNIs and UHNIs are the main luxury consumers, their robust growth signals exciting expansion opportunities across luxury sectors.

One major area of potential is automobiles. Overtaking Japan, India is now the 3rd largest car market globally, aided by its youthful population. However, just 4% of Indian millionaires currently buy luxury cars, versus 60% globally. This highlights the huge upside for luxury brands to tap into this largely untapped market. Over 40% of cars sold in India already fall into premium models above ₹10 lakhs. Overall, the Indian luxury car market is projected to accelerate to \$1.54 billion by 2027, with a 14-16% CAGR over 2022-2027.

Indian Pre-Owned Passenger Vehicles Industry

The used car industry is currently experiencing a favorable period, with strong demand anticipated to persist in the foreseeable future. In the fiscal year 2021-2022, the valuation of the Indian used car industry was \$23 billion. It is projected to exhibit growth at a Compound Annual Growth Rate (CAGR) of 19.5% in value and 12.7% in volume by the fiscal year 2026-2027. The used car to new car ratio, which was 1.4 in the fiscal year 2021-2022, is expected to rise, reaching 1.9 times by fiscal year 2026-2027. The sector is set to witness substantial changes over the next decade as consumers' preferences and knowledge evolve.

The description of the industry as predominantly “Unorganised” is a common characterisation. Previously seen as a compromise, used cars are now gaining traction among consumers as a viable option. Post-pandemic shifts in the business landscape have resulted in a clear inclination towards used cars among consumers throughout the country. With a range of business models addressing various customer concerns, the industry has transformed into one of India’s most promising consumer tech markets. This marks a significant turning point that underscores the profound transformation that has taken place in recent years.

Indian Commercial Vehicle Industry

In 2022-23, the commercial vehicle (CV) segment experienced a robust 34% YoY sales growth to 716,566 units, driven by increased infrastructure spending, nationwide freight movement, and OEM discounts. Heavy trucks benefited from government initiatives and e-commerce activity. Replacement demand, price hikes, and year-end buying further boosted Q4 demand. Initiatives like Bharatmala and Vehicle Scrappage Policy are expected to support CV demand, alongside load regulations enforcement. E-commerce expansion has raised logistics needs, driving CV demand. Government policies on EV incentives, vehicle scrapping, and load regulations will impact industry growth.

Indian Automobile Dealership Industry

In recent years, the Indian automobile dealership sector has witnessed several changes and trends. These include a growing emphasis on customer experience and service quality, driven by the increasing expectations of consumers. Dealerships are focusing on creating a seamless and personalised buying experience for customers, leveraging technology to streamline processes and enhance interactions.

The industry has also seen a shift toward digitalisation, with dealerships adopting online platforms to showcase their vehicle inventory, provide virtual tours, offer price quotes, and even enable online purchasing. This digital transformation has been accelerated by the COVID-19 pandemic, as more consumers turned to online channels for researching and buying vehicles.

FY 2022-23 was the first full year without any impact of Covid after a gap of two years. Consequently, overall retail sales during the year experienced double-digit growth of 21%. Similarly, all categories of vehicles, except for tractors, saw double-digit growth with passenger vehicles, and commercial vehicles growing by 23% and 34%, respectively. Tractors, however, only grew by 8%.

Retail sales of passenger vehicles reached a record high of 3.6 million vehicles, growing 23% YoY. The previous high was in FY'19 when retail sales were 3.2 million vehicles. The segment experienced numerous new launches and better product availability due to the easing of the semiconductor shortage during the year. The demand for higher-end variants helped sustain sales. However, the entry-level variant remains under pressure as customers in this category are still affected by high inflation.

Company Overview

Landmark is a professionally managed premium auto retailer with a significant market share across its OEM partners. The Company's portfolio includes seven OEMs in the Passenger Vehicle (PV) segment and one in the Commercial Vehicle (CV) segment. Offering a wide range of services throughout the ownership lifecycle, including new vehicle sales, third-party financing and insurance products, after-sales service and spare parts, and pre-owned vehicle sales, the Company has established itself as a leading player in the industry since its inception in 1998. With a strong reputation for its dealerships of high-end brands like Mercedes-Benz, Honda, Jeep, Volkswagen, Renault, MG Motor and BYD, the Company also has a presence in the CV retail business of Ashok Leyland, a leading manufacturer of CVs in India.

The Company operates through two business models, namely selling used vehicles through appointed agents on

a commission basis and taking refurbished vehicles on their books for sale. To cater to the emerging market trend in the pre-owned cars industry, the Company has devised a strategy and plans to expand its current presence in the car segment.

The Company aims to stay at the forefront of new developments and technology within the automotive industry. It recognises the importance of embracing digital transformation and enhancing customer experiences through advanced technological solutions.

With a network of 115 outlets across 8 Indian states and union territories across 26 cities, including 62 sales outlets and 53 workshops, the Company is well-equipped to cater to customers across the country.

Profit and Margins

Proforma revenue has increased by 36.38% mainly due to increase in revenue from sale of vehicles by 38.85% and increase in after-sales service and spare parts revenue by 24.93%. Increase in revenue from sale of new vehicles is on account of increase in number of vehicles sold from 19,264 to 21,310 (i.e. 10.62%) due to the launch of new vehicle models by our OEM's as well as our average selling price per new vehicle has increased from ₹ 14,15,698 to ₹ 17,71,166 (i.e. 25.11%). Increase in revenue from after-sales service and spare parts is on account of increase in number of vehicles serviced from 2,79,078 to 3,17,954 (i.e. 13.93%) as well as our average revenue per vehicle serviced has increased from ₹ 21,380 to ₹ 23,444 (i.e. 9.66%). During the year, there is an increase in employee benefit expense, job work charges and other expenses due to additions of new outlets and increase in number of vehicles serviced. EBITDA stood at ₹ 2,499.82 millions which reflects a strong 33.48% increase from previous year. Profit before tax and exceptional items has increased by 35.62% as compared to previous year. There is significant increase on PAT from ₹ 661.82 Millions to ₹ 851.01 millions due to optimal utilisation of resources via shared facilities and manpower across brands, leading to higher operational efficiency and better margins. PAT is impacted due to exceptional item of ₹ 74.72 Millions on account of closure of non-viable outlets of Renault in Punjab.

Net Worth and Capital Employed

As on March 31, 2023, the total net worth was ₹ 4,697.32 millions, higher by 90.22 % from the previous year. The return on equity (ROE = Net profit / Average Equity) stood at 23.75% during the year. Return on Capital Employed (ROCE = Earnings before interest and tax / Average Capital Employed) stood at 21.63% during the year. There is an impact in ROCE and ROE due to impact of net proceeds from fresh issue amounting to ₹ 1,391 millions in last week of December 2022.

Other key ratios

Current ratio as on March 31, 2023 stood at 1.27 against 0.91 of previous year. Debtor's turnover ratio as on March 31, 2023 stood at 40.33 days as against 49.63 days of previous year, mainly due to stringent collection policy and change in the business model of Mercedes-Benz. The Inventory turnover ratio as on March 31, 2023 stood at 7.14 times as against 8.12 times of previous year, due to the strategic built-up of inventory. The adjusted net debt-equity ratio was 0.53 as on March 31, 2023 as against 1.13 as on March 31, 2022.

Opportunities

The Indian automobile industry is brimming with opportunities for growth and development, driven by its focus on sustainable mobility. With a clear shift to premiumisation in the PV segment, the market for premium and utility vehicles is poised to grow significantly in the coming years as the Indian luxury car market is expected to reach a value of over USD 1.54 billion by 2027.

Premium and luxury cars

The premium and luxury car industry has been experiencing steady growth over the past several years, driven by a combination of factors such as increasing disposable incomes, evolving consumer preferences, technological advancements, and global economic trends. This growth has led to both established luxury car manufacturers and new entrants in the market capitalising on the demand for high-end vehicles.

After sales service

The after-sales car industry is becoming an integral part of the automotive ecosystem, contributing to vehicle longevity, customisation, and the overall ownership experience. As vehicles continue to advance in technology and design, they often require specialised knowledge and equipment for maintenance and repairs. This has led to the growth of authorised service centers who specialise in working with specific brands and models. The after-sales service is likely to continue growing to meet the evolving needs of car owners.

Pre-owned cars

The pre-owned car industry in India is poised for continued growth and is experiencing significant growth due to a combination of economic, cultural, and market-related factors. India's pre-owned car market is evolving rapidly, offering consumers a wide range of options and services. Our innovative platform for the valued customers enables them to sell their existing cars through our workshops and upgrade to a new car model of the same brand. Our dedicated new car sales team is well trained and has experience in selling both new and used vehicles of the same brand. By utilising our current ecosystem of resources, infrastructure, technological know-how, and skilled manpower, we are well positioned to benefit from the emerging opportunities while leveraging strategies.

The industry is also witnessing new trends, such as the rapid growth of digital sales channels and the expansion of the used-car market. These developments offer promising prospects for companies in the digital and e-commerce space, allowing them to tap into the evolving consumer preferences and capture a significant market share. Landmark has adopted an omnichannel strategy to serve customers seamlessly across physical and digital touchpoints. It operates over 100 sales outlets along with a strong online presence and sales channels. This omnichannel approach allows Landmark to engage customers through the channel of their choice and positions it well to benefit from the industry trends toward digital and used car sales.

The rising share of organised players in the used car market

Car Care

The Indian car care products market is expected to record a robust growth from \$ 228.7 Million in 2021 to \$ 513.9 Million in 2028 at a 12.3% CAGR. Rising vehicle ownership, greater maintenance awareness, and demand for longevity and aesthetics are key growth drivers of this growth. As consumers prioritise their cars' lifespan and appearance, the car care industry is poised for sustained expansion. Our presence and offerings across the spectrum - Maintenance Products, Detailing Products, Tyres & Alloys - positions us better to seize these opportunities. Further, our presence in cost-effective and high quality products complements our business.

EV industry

The rise of electric vehicles (EVs) is poised to reshape the industry significantly. The domestic EV market is projected to experience a remarkable CAGR of 49% between CY 2022 and CY 2030. This exponential growth reflects the increasing adoption of EVs and highlights the potential for companies operating in this sector.

Threats

India's automobile industry is currently undergoing a transformation. The changing consumer preference and the shift towards sustainable mobility could be a challenge to the Company.

To address these challenges and ensure sustained growth and profitability, the Company's recent tie-up with EV car manufacturer helps it to diversify its offerings while emphasising on sustainability.

Key Strategies

1

Partnering with high-growth segments and brands

Capitalise on this expected growth in demand for automobiles in India in general, and premium and luxury cars in particular, by increasing sales of passenger vehicles at each sales outlet. Aim to leverage the Company's relationships with the OEMs to expand geographically and achieve economies of scale. Continue to strategically diversify dealership portfolio, and will thus, continue to evaluate prospects of introducing additional brands to meet changing customer preferences.

2

Expand after-sales service business (Customer centricity)

Continue to explore with OEM dealership partners the possibility of adding service workshops and additional authorised service centers. Leverage the linkages between sales outlets and service centers to retain customers who have purchased new and pre-owned vehicles as continuing clients of Landmark's service departments. Improve service operations and profitability by focusing on service initiation, body paint jobs, improving revenue per car serviced, sharing locations and non-technical staff, centralised purchases, addition of capacity and technological integration.

3

Focus on pre-owned car business segment

Capture the expected growth in this segment by expanding buy and sell of pre-owned passenger vehicles at each dealership. Leverage new vehicle business and technology platform by providing superior pre-owned vehicle retail service to customers. Improve customer confidence in preowned vehicle inventory by offering pre-owned car certification programs. Continue to invest in technology and digitalising sales and service channels.

4

Strengthening digital presence

Continue to invest in the Company's online presence to drive lead creation in both new and used cars and to enhance our customer's experience when booking after-sales service. Invest in companies focused on innovative technology or platforms in the automotive retail and after-sales service segments. Developing analytical models to analyze historical customer data to help provide insights on customer behavior on product offerings and cross-sell opportunities as well as to increase customer retention.

Landmark's Omnichannel Approach

Outlet Channel

Physical outlets remain a cornerstone of the Indian automobile industry's omnichannel strategy and so is Landmark's. Our showrooms provide an opportunity for customers to experience vehicles firsthand, interact with sales representatives, and receive in-depth information. The integration of digital screens and augmented reality is enhancing the in-person experience by providing interactive product information and configuration options.

Website Channel

Landmark has embraced the omnichannel approach through its websites, offering seamless user experiences. Customers can explore vehicle models, compare features, and even customise their choices online. Interactive tools, virtual showrooms, and online booking options enhance the digital car-buying journey. Integration of chatbots and customer support is ensuring real-time assistance, making the website a crucial touchpoint for potential buyers.

After Sales Channel

The post-purchase journey is also a significant aspect of the omnichannel approach. Landmark offers online service booking platforms to its customers where they can schedule maintenance and repairs. Real-time updates on service progress, along with mobile apps for service tracking, create a seamless transition from the physical vehicle to the digital service ecosystem.

Digital Marketing and Social Media Channel

Digital marketing and social media platforms play a crucial role in the omnichannel strategy of Landmark. Brand is actively engaging with customers through social media platforms, sharing product updates, features, and customer testimonials. Targeted advertising ensures that potential buyers are reached through personalised content, driving interest and consideration.

Pre-Owned Channel

The pre-owned segment in Landmark has leveraged the omnichannel approach to enhance transparency and trust. Online platforms dedicated to certified used cars are enabling customers to browse a wide range of options, view detailed vehicle histories, and connect with sellers directly. Virtual inspections and doorstep test drives have become commonplace, providing convenience and flexibility to pre-owned car buyers.

Data and Information management

The Company's digital platform is a critical enabler and cornerstone of sustained growth. The Company has a mix of licenced and open-source technology. Information technology systems also incorporate retail space planning and traffic, master data management, inventory, Omnichannel retail, warehouse management, CRM, finance, accounting, insurance, repair systems, business intelligence, and other aspects of the Company's operations. The Company systems have been optimised to serve its operations across India, and the digital assets and CRM are shared across all the sales channels and processes. A specialised team is hired which is dedicated to improving the platform's capabilities and the shopping experience for customers.

Risk and Mitigation

Risk Category	Risk Description	Mitigation Strategy
 Economic Risk	Economic factors such as recession, inflation, and interest rate fluctuations can negatively impact demand for cars and affect the financial performance of Landmark	Diversified product offerings and expansion into new markets; maintaining a strong balance sheet to ensure financial stability during challenging economic scenarios.
 Supply Chain Risk	Landmark relies on its OEMs and other suppliers to obtain cars and parts necessary for after sales services. Disruptions in the supply chain due to natural disasters, geopolitical tensions, or labor disputes can result in delays and increased costs.	Working closely with suppliers and OEMs to establish clear communication channels and developing contingency plans in case of any disruptions.
 Regulatory Risk	The car industry is subject to various regulations related to emissions, safety, and labor practices. Changes in these regulations can impact the cost of production and the ability of Landmark to comply with these regulations.	Staying up to date with changes in regulations and adjusting operations accordingly.
 Credit Risk	Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk for the Company primarily arises from credit exposures to trade receivables, loans given, deposits with landlords for properties taken on leases and other receivables including balances with banks.	The Company's operations predominantly rely on credit card, cash collections, and insurance companies, resulting in a minimal level of credit risk associated with these transactions. To mitigate potential risks, it has implemented a stringent policy of engaging exclusively with creditworthy counterparties for institutional customers, while conducting thorough creditworthiness checks. Regular reviews and assessments are conducted to closely monitor all trade receivables, enabling the timely identification of any instances of default. Furthermore, due to the wide customer base involved in trade and other receivables, the Company faces no significant concentration risks. In situations where credit risk arises from commercial transactions, the Company diligently recognises the required provisions for trade receivables, triggered by the presence of objective evidence suggesting the inability to fully recover outstanding amounts according to the original contractual conditions.
 Liquidity Risk	Landmark may face liquidity risk if it cannot meet its financial obligations or fund its operations due to a shortage of cash or access to credit.	Maintaining adequate cash reserves, managing working capital efficiently, and establishing lines of credit with banks or other financial institutions; developing a contingency plan to address any potential liquidity shortfalls.
 Market Risk	Landmark may face market risk due to fluctuations in interest rates, foreign exchange rates, or commodity prices that can affect the value of its assets and liabilities.	Implementing risk management strategies, such as hedging or diversification, to manage exposure to market risk; monitoring market conditions regularly and adjusting strategies accordingly.

Human Resource

Landmark prioritises employee engagement programs, nurturing a culture of learning, collaboration, and a growth-oriented mindset. Successful recruitment efforts have attracted top-tier talent across various levels, fostering cordial industrial relations and a constructive work environment.

The company recognises the vital role of its human resources, investing in their development to enrich the organisation’s human capital and deliver value to stakeholders. This commitment ensures sustained growth and success, empowering employees to thrive in their careers.

Harnessing the potential of digital platforms, social media, and narrative crafting, they build genuine, enduring relationships that grant them a competitive advantage in the bustling business landscape.

Landmark's Marketing Objectives

Landmark sets its sights on prioritising the customer at the heart of all initiatives. This entails ensuring customer contentment with products, tailoring messages to customer preferences, and sustaining ongoing interest in their offerings. Simultaneously, the Company strives to both retain current customers' loyalty and attract fresh ones. This multifaceted approach involves constructing a robust brand identity reflective of its principles, actively listening to customer feedback, and maintaining an ongoing commitment to improvement.

Innovative Campaigns that Command Attention

The adeptness with which Landmark approaches creative campaigns is integral to their prosperity. Consider the case of 'Landmark 2 Landmark', where emotive narratives, arresting visuals, and memorable slogans captivated audiences and forged emotional ties. Similarly, 'Vintage Visions' tapped into nostalgia, spotlighting classic automobiles and tapping into people's affection for the past. These campaigns etched Landmark into people's memories and set it apart within the market.

Engaging with the Customer Base

Landmark recognises the paramount significance of communicating with its customers in manners that resonate. With an array of channels including social media, emails, and chat, they ensure accessibility and prompt responsiveness. Supplemented by engaging events strategically timed to draw footfall, Landmark fortifies customer allegiance, fostering sustained success.

Cultivating a Resolute Brand Image

The cultivation of brand recognition and trust is a linchpin of Landmark endeavours. The Company's goal is to craft a brand identity aligned with customer values, effectively differentiating itself within the competitive landscape. By demonstrating an astute understanding of customer needs and values, Landmark ensures its brand is indelibly etched in the minds of its customers.

At Landmark, the pursuit is not merely of adequacy, but of true marketing excellence. Through the melding of creativity, customer-centric principles, and astute strategies, the Company continues to flourish in the ever-changing realm of modern business.

Landmark's Story of Sustainable Practices

Landmark firmly uphold its commitment to preserving the environment. This philosophy is deeply ingrained in the Company's values and guides its environmental initiatives.

Since 2016, Landmark has launched the 'Green Initiative' to conserve flora and fauna, promote biodiversity, offset carbon emissions, prevent soil erosion, improve water retention, and generate local employment. This reflects the Company's holistic approach towards sustainable development and its active role in building a better future.

Contributing to Mission Million Trees

Under Landmark's 'Green Initiative Mission Million Trees', the Company collaborated with Drishti Foundation to plant over 1,00,000 saplings across Gujarat and Madhya Pradesh. This ambitious project will help create 'lungs' for future generations, while also generating livelihoods through sapling nurturing.

Bringing Critical Care Within Reach

In collaboration with Rotary Delhi South End, Landmark has established pediatric dialysis centres aimed at serving children from disadvantaged backgrounds. In the initial operational month, these centres successfully administered 60 dialysis procedures for a Group of nine children.

Channelising Rainwater for All

In alignment with the 'Catch the Rain' campaign, Landmark has provided support to Drishti's initiatives focussed on deepening and desilting ponds ahead of the monsoon season. This proactive approach enhances groundwater recharge and simultaneously promotes sustainable agricultural practices.

Upskilling Youth through Industrial Training

To empower youth with industrial skills, Landmark has established Rotary Skill Development centres that deliver training to 500 students each year. Through facilitating their placement in renowned companies, the initiative creates sustainable livelihood opportunities for approximately 3,000-4,000 young individuals annually.

Restoring Mehsana's Heritage

In partnership with the Drishti Foundation, Landmark has engaged in a Stepwell Rejuvenation project located in Mehsana, Gujarat. Through organised cleaning initiatives, the collaboration successfully eliminated waste and revitalised this significant historical water reservoir.

A Legacy of Uplifting Communities

Such projects highlight Landmark commitment to environmental conservation, livelihood enablement, healthcare infrastructure support, and heritage restoration.

The Company's 2,500 employees also enthusiastically participate in CSR drives across India. Initiatives like blood donation camps, provision of nutritious meals and clothing to the underprivileged, and disaster relief outreach help build an inclusive society.

As Landmark completes its remarkable 25-year journey, the Company remains driven by ethics, social responsibility, and its foundational purpose of positively impacting communities. Landmark CSR efforts over the past two decades have enhanced the quality of life for thousands. The Company remains dedicated to scaling its social initiatives as it progresses into the future.

Internal Control System and Audit

The Company and its Management have put in place strong internal control systems to ensure the accuracy of financial reporting and safeguard against potential losses or unauthorised use of assets. These controls facilitate efficient utilisation of the Company's resources and ensure proper authorisation, recording, and reporting of transactions to Management. The Company regularly enhances and tests its internal controls to ensure the effectiveness of Management and operating procedures, while adhering to accounting standards and guidelines for maintaining books of accounts and financial statement reporting.

To evaluate the effectiveness of internal controls, the Company appoints independent internal auditors to conduct risk-based audits throughout the year. The Audit Committee of the Board of Directors receives a summary of the auditors' findings, and necessary corrective actions are promptly taken. The internal control systems are designed to monitor operational efficiencies, ensure compliance with applicable laws and regulations, and the reliability of financial reporting.

Forward-Looking Statement

The statement, forming a part of this Report, may contain certain 'forward-looking' remarks with the meaning of applicable Securities Law and Regulations. Many factors could cause the actual results, performances, or achievements of the Company to be materially different from any future results, performances, or achievements. Significant factors that could make a difference to the Company's operations include domestic and international economic conditions, changes in Government regulations, tax regime and other statutes.

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Energy Management	Risk	Entities in this industry require significant amount of energy for warehouses. An increasing number of greenhouse gas (GHG) emissions regulations and incentives for energy efficiency and renewable energy may result in price increases for conventional electricity sources while making alternative sources more cost-competitive.	Energy sourcing decisions can lead to trade-offs concerning energy supply costs and the operational reliability. As a result, overall energy efficiency and access to alternative energy sources are becoming increasingly vital for entities to manage effectively. Currently, we are at the initial stage of discussion with a select few vendors regarding the transition to renewable energy. The Company is actively engaged in talks with these vendors for the installation of rooftop solar panels.	Negative

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2	Employee Engagement, Diversity & Inclusion	Opportunity	The Company being into consumer-facing and relies on the ability to communicate effectively with customers during the sales process and adapt to changing consumer demands for products. As the populations of many developed markets undergo a massive demographic shift, entities in this industry can benefit. Since the Company maintains an equal opportunity at workplace policy, which enables them to adapt to the demographic shift and employ diverse staff capable of understanding the needs of various populations. This approach allows us to better cater to large segments of the society providing entity with a competitive advantage.	Not Applicable	Positive
3	Data Security	Risk	The Company's heavy reliance on digital platforms exposes us to potential disruptions or failures of technology due to various reasons such as software or hardware malfunctions, system implementations or upgrades, computer viruses, third-party security breaches, employee errors, misuse, power disruptions, and other causes. Such events could result in significant interruptions of the operations, leading to a corresponding loss of revenue and profits. Furthermore, they may pose risks like breaches of data security, loss of critical data, and the inadvertent release and misuse of sensitive information, ultimately impairing our overall business operations.	We are continually dedicated to fortifying our digital infrastructure through the implementation of robust technical safeguards and vigilant monitoring of both emerging and existing threats. Our primary focus remains on mitigating data security risks and ensuring that any potential impact on our operations is kept to a minimum. By proactively addressing these challenges, we strive to maintain a secure and resilient environment for our Company and its stakeholders.	Negative
4.	Restrictions imposed by OEMs	Risk	The Company is subject to the significant influence of, and restrictions imposed by OEMs pursuant to the terms of our dealership or agency agreements that may adversely impact our business, results of operations, financial condition and prospects, including our ability to expand into new territories and acquire additional dealerships.	We function as an authorized agent for Mercedes-Benz, and the substantial influence and limitations imposed by Original Equipment Manufacturers (OEMs) and vendors may have an impact on our business, financial condition, results of operations, and future prospects, thereby we are in continuous process to counter such risk.	Negative

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORTING (Contd.)

“Take Responsibility & Make an Impact”

The Company is dedicated to making a positive impact on communities, guided by the philosophy of “Take Responsibility & Make an Impact.” Our mission centres around ethical operations, aiming for prosperity while nurturing a healthy planet and community. To further this commitment, we have aligned our initiatives with the United Nations Sustainable Development Goals (UNSDG). Our partnerships with Drishti Foundation, Grow Trees Foundation, Rotary Delhi South End Foundation, and Athlete Development Company reflect our genuine efforts to contribute to a better world.

Environment:

Here are the environmental initiatives we have undertaken:

- **Green Initiative Project:**
Ahmedabad Municipal Corporation initiated “Mission Million Trees,” inspired by the saying, “He who plants a tree plants hope.” In collaboration with Growtrees.com, the Green Initiative Project successfully planted over 1 lakh trees across Gujarat & Madhya Pradesh. This significant effort reflects our commitment to environmental conservation and creating a greener, more sustainable future.
- **Mehsana Stepwell Rejuvenation:**
Mehsana’s Boter Kothani Vav, a 200-year-old stepwell and once a crucial ecosystem supporter, now lies in ruins, contaminated by plastic and debris. As a symbol of our heritage, it merits restoration. With Drishti Foundation Trust’s support, we launched a Cleanliness Drive, rejuvenating the surroundings and preserving its historical value for generations to come.
- **Sujalam Sufalam Abhiyan- Catch the Rain Campaign:**
“Through ‘Catch the Rain,’ aligned with PM Modi’s mission, we created ponds to conserve rainwater, reviving irrigation canals and generating rural employment. Ponds retain water for 8-10 months, increasing crop density, groundwater recharge, and biodiversity protection. Our collaboration with Drishti Foundation has ensured successful achievements.”

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORTING (Contd.)

Social

Here are the social initiatives we have undertaken:

- Rotary Skills Development Centre:

We have partnered with Rotary South end and Rotary Skill Development Centre to contribute to the Skill India Mission. Our initiative aims to empower young and inexperienced individuals with essential skills for various industries, including TIG/MIG Welding Operators for the Auto-parts Industry, CNC Machine Operators for the Auto/manufacturing industry, Automated Tailoring/Sewing for Garment exporters, and F&B Stewards for hotels/restaurants. Through this program, we aimed to provide employment opportunities, ensuring access to minimum wages, statutory benefits, gratuities, bonuses, and more for around 3000 to 4000 beneficiaries, positively transforming their lives.

- Landmark2Landmark: A Two-Decade-Long Journey:

We at group level started Landmark 2 Landmark campaign, with Autocar India, drove Mercedes Benz, Honda, Jeep, VW, and Renault cars from Delhi to Hikkim's last inhabited village and back. The purpose was to support people in need, distributing books, notebooks, solar lamps, and necessities. It's been a rewarding journey, witnessing India's incredible beauty.

- Skill Development Program:

At the Digital Transformation Summit in Trivandrum, Company leads the way in empowering villages. Skill development is our focus to foster self-reliant communities. With government support, we invest in impactful programs, funding education at Amrita Vishwa Vidhyapeeth. Immersive projects assess resources, creating innovative solutions for sustainable livelihoods. Our interventions aim to provide quality education, job opportunities, and technical and vocational skills, empowering the local community for long-term independence and self-sufficiency.

Governance

Here are the governance initiatives we have undertaken:

INDEPENDENT AUDITOR'S REPORT

To The Members of Landmark Cars Limited (Formerly known as Landmark Cars Private Limited)

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of Landmark Cars Limited (Formerly known as Landmark Cars Private Limited) ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. We

have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures thereto, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. This report is expected to be made available to us after the date of this audit report.
- Our opinion on the standalone financial statements does not cover the other information and will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the other information identified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to

INDEPENDENT AUDITOR'S REPORT (Contd.)

the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of **Landmark Cars Limited (Formerly known as Landmark Cars Private Limited)** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on for the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at

March 31, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:-

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in-progress and relevant details of right-of-use assets.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) Some of the Property, Plant and Equipment, capital work-in-progress and right-of-use assets were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant & Equipment, capital work-in-progress and right-of-use assets at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) The Company does not have any immovable properties of freehold land and building. In respect of immovable properties of building that have been taken on lease and disclosed as right-of-use assets in the standalone financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The inventories (except for goods-in-transit) were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For goods in transit, the goods have

been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from financial institutions on the basis of security of current assets. As per the information and explanations given to us, there is no fixed frequency for submission of returns / statements to the financial institutions and they conduct their stock verification at different intervals. In our opinion and according to the information and explanations given to us, these stock statements provided by the Company to financial institutions were in agreement with the unaudited books of account of the Company at that point in time. Any adjustments, if identified during the count or for any other reasons, were duly adjusted in the books of account subsequently upon notice.
- iii. The Company has not provided any security or granted advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has made investment in, provided guarantee and granted unsecured loans to companies and other parties during the year in respect of which:

- Employees	0.27	-

*Out of which, the amount of borrowing in the respective subsidiaries is Rs. 1,855.66 Millions.

- (b) The investments made, guarantees provided and terms and conditions of the grant of all the above-mentioned loans and guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- (c) The Company has granted loans aggregating Rs. 3,676.40 Millions to subsidiaries which are payable on demand. These loans have been serviced by the subsidiaries as and when demanded by the Company during the year. For the outstanding loans aggregating to Rs. 1,636.96 Millions to subsidiaries, the Company has not demanded any repayment during the year. Having regard to the same, in our opinion, the repayments of principal amounts and receipts of interest are regular. For other loans, the schedule of repayment of principal amounts are regular as per stipulation (Refer reporting under clause (iii)(f) below).
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loans granted by the Company which has fallen due during the year, has been renewed or extended or fresh loan granted to settle the overdues of existing loans given to the same parties.

viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

ix. (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year except as under:

Nature of borrowing including debt securities	Name of lender	Amount not paid on due date during the year (₹ In Millions)		No. of days delay or unpaid	Remark
		Principal	Interest		
Term Loan	Due to Bank:				
	- ICICI Bank Limited	1.92	0.23	1-6 Days	None
	- Kotak Mahindra Bank Limited	1.78	2.36	1-25 Days	*

* As represented by the management and based on the information and explanation provided to us, the delay was due to technical error on the bank portal due to which the instalment was not auto debited by the bank and hence manual payment of the instalment was made.

(b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

(c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained.

(d) On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the standalone financial statements of the Company, we report that the Company has taken funds from the following entities and persons on account of or to meet the obligations of its subsidiaries as per details below:

Nature of Fund Taken	Name of Lender	On account of or to meet the obligations of subsidiaries			
		Amount of Loan (₹ In Millions)	Name of Subsidiary	Relation	Nature of transaction for which funds utilised
Issue of Equity Shares	Initial Public Offer	150.00	Benchmark Motors Private Limited	Subsidiary	Pre-payment, in full or in part, of borrowings availed by the subsidiaries;
		800.00	Landmark Lifestyle Cars Private Limited		
		200.00	Landmark Commercial Vehicles Private Limited		
		50.00	Landmark Automobiles Limited (Formerly known as Landmark Automobiles Private Limited)		

(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries.

x. (a) In our opinion, money raised by way of initial public offer during the year, have been, prima facie, applied by the company for the purpose for which they were raised. However, some portion of the amount raised which remain unutilised during the year, have been lying in public offer account as on March 31, 2023.

(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

- xi. (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistleblower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements etc. as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued till date, for the period under audit.
- xv. In our opinion during the year the company has not entered into any non-cash transactions with any of its directors or directors of its subsidiary company or persons connected with such directors and hence provision of section 192 of the companies Act, 2013 are not applicable to the company.
- xvi. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi) (a), (b) and (c) of the Order is not applicable.
- (d) The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2023

(All amount in ₹ Millions unless otherwise stated)

1 COMPANY OVERVIEW

Landmark Cars Limited (“the Company”) is a company incorporated and domiciled in India under the Indian Companies Act, 1956. Its registered office is located at Landmark House, Opp. AEC, S.G. Highway, Near Gurudwara, Thaltej, Ahmedabad - 380059, Gujarat, India. The Company’s equity shares were listed on the National Stock Exchange (“NSE”) and on the BSE Limited (“BSE”) on December 23, 2022. The Company is the authorised dealer for Mercedes-Benz passenger cars for the states of Gujarat, Madhya Pradesh and Mumbai. The Company is engaged in the business of (i) authorised agent of selling automobiles of a single brand “Mercedes-Benz” (ii) the operation of workshops and garages to repair and service the automobiles, including other ancillary services (iii) direct selling agency/marketing agency on behalf of inter alia banks and non-banking financial companies to market their financing schemes to customers (iv) selling of accessories (v) the insurance commission business in connection with (i) and (ii).

The Company had been converted from Private Limited Company to a Public Limited Company, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company held on November 10, 2021 and consequently the name of the Company has been changed to Landmark Cars Limited pursuant to a fresh certificate of incorporation issued by Registrar of Companies on December 03, 2021.

The standalone financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorised for issue on May 30, 2023.

2 BASIS OF PREPARATION AND PRESENTATION OF STANDALONE FINANCIAL STATEMENTS

2.1 Basis of preparation and statement of compliance

The Standalone Financial Statements of Company comprise the Standalone Balance Sheet as at March 31, 2023, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity for the year ended March 31, 2023, and a summary of significant accounting policies and other explanatory information (together referred to as the “Standalone Financial Statements”).

The Standalone Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (‘Ind AS’) notified under section 133 of the Companies Act, 2013, read together with

the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other accounting principles generally accepted in India, considering other relevant provisions of the Act.

These Standalone Financial Statements have been prepared and presented under the historical cost convention on accrual basis except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. Historical cost is generally based on the fair value of consideration given in exchange for goods and services. The accounting policies have been applied consistently over all the periods presented in the said Standalone Financial Statements except for the amended standards adopted by the Company (Refer Note 3).

In addition, the financial statements are presented in ₹ and all values are rounded to the nearest Millions, except when otherwise indicated.

2.2 Significant accounting estimates, judgements and assumptions

The preparation of Standalone Financial Statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- Impairment of financial assets:

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company’s past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

- **Share based payment (Refer note 49):**

Employees of the Company, with a pre defined grade, is granted options to purchase equity shares. Each share option converts into one equity share of the Company on exercise. In accordance with the Ind AS 102 Share Based Payments, the cost of equity settled transactions is measured using the fair value method. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the Standalone Statement of Profit and Loss for a period represents the movement in cumulative expense recognised as at the beginning of the year and end of that period and is recognised in employee benefits expense.

- **Impairment of Goodwill :**

Estimates related to assessment of goodwill is disclosed in Note 7.

- **Depreciation and Useful Life of Property, Plant and Equipment (Refer note 5):**

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment are depreciated over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is revised if there are significant changes from previous estimates.

- **Fair Value Measurement**

For estimates relating to fair value of financial instruments Refer Note 9 and 36.

2.3 Revenue Recognition

Revenue from operations

Revenue from contracts with customers is recognised on transfer of control of promised goods or services to a customer at an amount that reflects the consideration

to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of products:

Revenue from sale of products is recognised when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is dispatched to the customer or on delivery to the customer, as may be specified in the contract.

Rendering of services:

Revenue from services is recognised over time by measuring progress towards satisfaction of performance obligation for the services rendered. The Company uses output method for measurement of revenue from rendering of services based on time elapsed and / or parts delivered.

Extended warranty

Income of the extended warranty contracts are recognised on a straight line basis over the contractual period to which warranty service relates. Incremental cost of obtaining such contract is recognised as an asset, if the Company expects to recover those cost over the contract period.

Commission, schemes and incentive income

Commission income is recognised when services are rendered and in accordance with the commission agreements. Schemes and Incentive income is recognised when the services are rendered and as per the relevant scheme/ arrangement provided by the original equipment manufacturer (OEM).

2.4 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

The cost comprises the purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Standalone Statement of Profit and Loss. for the period during which such expenses are incurred.

Property, Plant and Equipment not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognised in the Standalone Statement of Profit and Loss when the asset is derecognised.

Depreciation on Property, Plant and Equipment is calculated on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Leasehold improvements are amortised over the period of the lease (Refer Note 42), including extension period, if any. Residual value of the leasehold improvements are considered as 5% of cost except in case of steel used as the Company is expected to receive residual value at 50% of cost at the end of the lease period.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use.

The residual value, useful life and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Intangible assets

An intangible asset is recognised, only where it is probable that future economic benefits attributable to the asset will accrue to the enterprise and the cost can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalised and the related expenditure is recognised in the standalone statement of profit and loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss, if any.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as intangible assets under development.

Amortisation:

Customer relationship and Non-compete fees acquired in business combination are amortised over a period of 5 years and 3 years on straight line basis respectively.

2.6 Financial Instruments

Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are recognised at fair value net off directly attributable transaction cost on initial recognition.

Subsequent measurement

Non-derivative financial instruments

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES FORMING PART OF FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. For such equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently measured at fair valued through profit or loss. Fair value changes are recognised as other income in the Standalone Statement of Profit or Loss.

Financial liabilities at Fair Value through Profit or Loss (FVTPL)

A financial liability may be designated as at FVTPL upon initial recognition if:

- (a) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- (b) The financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Standalone Statement of Profit and Loss.. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability.

Financial liabilities at amortised cost

Financial liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Vehicle floor plan

Vehicle floor plan represents amount borrowed to finance the purchase of inventories of cars with the manufacturer's captive finance company. considering the significance of the amount involved, the same has been presented separately on the face of balance sheet.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognised as a deduction from equity instrument net of any tax effect.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognised when obligation specified in the contract is discharged or cancelled or expired.

An exchange of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability or a part of it is also accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

Off-setting

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Company currently has a legally enforceable right to offset the recognised amount and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Modification

A modification of a financial asset or liabilities occurs when the contractual terms governing the cash flows of a financial asset or liabilities are renegotiated or otherwise modified between initial recognition and maturity of the financial instruments. Any gain/ loss on modification is charged to Standalone Statement of Profit and Loss.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

2.7 Tax expense

Income tax

Income tax expense comprises current tax and deferred tax.

Current Tax

The Company has elected to exercise option available under section 115BAA of the Income Tax Act, 1961.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Current tax relating to items recognised outside the Standalone Statement of Profit and Loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is recognised in profit or loss, except when it relates to items that are recognised in other comprehensive income or directly in equity, in which case, the deferred tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax liabilities are recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from initial recognition of goodwill; or initial recognition of an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilised, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination

and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, where company has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

2.8 Impairment

Financial assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. A financial asset is deemed to be impaired if there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that loss event has an impact on the estimated future cash flows of the financial asset or that can be reliably estimated.

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The impairment loss allowance (or reversal) recognised during the year is recognised as income / expense in the Standalone Statement of Profit and Loss.

Non-financial assets

The carrying value of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If, any such indication exists, the Company estimates their recoverable amount and impairment is recognised if, the carrying amount of these assets/

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

cash generating units exceeds their recoverable amount. The recoverable amount is greater of fair value less cost of disposal and their value in use. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Standalone Statement of Profit and Loss.

2.9 Lease

Company as lessee

The Company's lease asset classes primarily consist of leases for showrooms, workshops, plant and equipment and stockyards. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use ("ROU") asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated amortisation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as lessor

When the Company is an intermediate lessor, it accounts for the head lease and the sub-lease as two separate contracts. The sub-lease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease. Rental income from operating leases are recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

2.10 Borrowing costs

Borrowing cost includes interest and other costs that company has incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset.

All other borrowing costs are expensed in the year they occur.

2.11 Employee Benefits

Defined Contribution Plan

Retirement benefit in the form of provident fund, employees' state insurance fund scheme and Labour welfare scheme is a defined contribution scheme. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

Defined Benefit Plan

The Company has provided the benefits of gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. As per the Gratuity Plan, the Company makes monthly payment to their employees with remeasurement option to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

the Projected Unit Credit method) at the end of each year. Gratuity which is defined benefit plans is paid per month on the basis of employee's gross salary.

Remeasurements of the net defined benefit liability comprising actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognised in Other Comprehensive Income. Such remeasurements are not reclassified to the Standalone Statement of Profit and Loss in the subsequent periods.

Compensated absences are not to be carried forward beyond 12 months and are paid per month on the basis of the employee's gross salary.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss. Contingent liabilities are not recognised but disclosed unless the probability of an outflow of resources is remote. Contingent assets are disclosed where inflow of economic benefits is probable. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.13 Cash and cash equivalent

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand, balances with payment gateways and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.14 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year adjusted for the effects of all dilutive potential equity shares.

2.15 Inventories

Inventories are valued at lower of cost and net realisable value. Cost is determined as follows:

- i) In case of cars, at specific cost on identification basis of their individual costs.
- ii) In case of spares and others, the same are valued at weighted average basis.

Costs includes all non refundable duties and taxes and all other charges incurred in bringing the inventory to their present location and condition. Net realisable value is the estimated selling price less estimated cost necessary to make the sale.

2.16 Segment Reporting

An operating segment is component of the Company that engages in the business activity from which the Company earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker (CODM), in deciding about resources to be allocated to the segment and assess its performance. The Company's chief operating decision maker is the chairman of the Company.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

2.17 Cash Flow Statement

Cash flows are reported using indirect method whereby profit for the period is adjusted for the effects of the transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts and payments and items of income or expenses associated with investing and financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

NOTES FORMING PART OF FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

2.18 Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

2.19 Share-based payment

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the Standalone Statement of Profit and Loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

No expense is recognised for awards that do not ultimately vest because service conditions have not been met. When the terms of an equity-settled award are modified, the minimum expense recognised is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

2.20 Business Combinations

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration.

Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. In case of business combinations involving entities under common control, the same is accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies.

2.21 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company has identified twelve months as its operating cycle.

3 AMENDED STANDARDS ADOPTED BY THE COMPANY

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended March 31, 2022, except for following amendments to the existing Indian Accounting Standards (Ind AS). The Company applied those amendments, for the accounting periods beginning on or after April 01, 2022, however those do not have material impact on the financial statements of the Company.

Ind AS 16 - Property, plant and equipment

The excess of net sale proceeds of items produced over the cost of testing, if any, should not be recognised in the statement of profit or loss but deducted from the directly attributable costs considered as part of cost of an item of Property, Plant and Equipment.

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

Amendments clarify the types of costs a company can include as the 'costs of fulfilling a contract' while assessing whether a contract is onerous as under:

- The incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Ind AS 103 - Business Combinations

Amendments have substituted the reference to the Framework for Preparation and Presentation of Financial Statements with Indian Accounting Standards with the reference to the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework), without changing the accounting requirements for business combinations.

Ind AS 101 - First-time Adoption of Indian Accounting Standards

If a subsidiary, joint venture of associate (together termed as subsidiary) adopts Ind AS later than its parent and applies paragraph D16(a) of Ind AS 101, then the subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transitions to Ind AS.

Ind AS 109 – Financial Instruments

For the purpose of performing the '10 % test' for derecognition of financial liabilities, in determining fees

paid, the borrower includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Ind AS 41 – Agriculture

The amendment removes the requirement to exclude cash flows for taxation when measuring fair value and thereby aligns the fair value measurement requirements in Ind AS 41 with those in Ind AS 113, Fair Value Measurement.

The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

4 STANDARDS THAT BECAME ISSUED BUT NOT EFFECTIVE DURING THE YEAR

The amendments to the below mentioned standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, as and when they become effective. The Ministry of Corporate Affairs (MCA) has notified certain amendments to Ind AS, through Companies (Indian Accounting Standards) Amendment Rules, 2023 on March 31, 2023. These amendments maintain convergence with IFRS by incorporating amendments issued by International Accounting Standards Board (IASB) into Ind AS and has amended the following standards:

1. Ind AS 101 - First-time adoption of Ind AS
2. Ind AS 102 - Share Based Payment
3. Ind AS 103 – Business Combinations
4. Ind AS 107 – Financial Instruments - Disclosures
5. Ind AS 109 – Financial Instruments
6. Ind AS 115 – Revenue from Contracts with Customers
7. Ind AS 1 – Presentation of Financial Statements
8. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
9. Ind AS 12 - Income Taxes
10. Ind AS 34 – Interim Financial Reporting

These amendments shall come into force with effect from April 01, 2023.

The Company is assessing the potential effect of the amendments on its financial statements. The Company will adopt these amendments, if applicable, from applicability date.

Note:

The goodwill is tested for impairment annually and as at March 31, 2023, the goodwill is not impaired.

The recoverable amounts of the CGUs are determined from value-in-use calculations. The key assumptions for the value-in-use calculations are those regarding the discount rates, growth rates and expected changes to direct costs during the year. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money.

The growth rates are based on management's forecasts. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market. The Company prepares its forecasts based on the most recent financial budgets approved by management with projected revenue growth rates at 6.00 % p.a. The rates used to discount the forecasts is 14.76% p.a.

Management believes that any reasonable possible change in any of these assumptions would not cause the carrying amount to exceed its recoverable amount.

Proposed Dividend

The Board of Directors at its meeting held on May 30, 2023 have recommended payment of final dividend of ₹ 2.25 per equity share of face value of ₹ 5 each for the financial year ended March 31, 2023 amounting to ₹ 89.16 Millions. The above is subject to approval at the ensuing Annual General Meeting of the Company and hence is not recognised as a liability.

Nature and purpose of reserves

Capital Reserve on Business Combination

Capital reserve represents the excess amount of net assets acquired over and above the liabilities pursuant to the Scheme of Arrangement.

Securities premium

Securities premium represents the premium received on issue of shares over and above the face value of equity shares. The same is available for utilisation in accordance with the provisions of the Companies Act, 2013.

Share options outstanding account

The fair value of the equity-settled share based payment transactions with employees is recognised in Standalone Statement of Profit and Loss with corresponding credit to Stock Options Outstanding Account.

Retained earnings

Retained earnings represents the Company's undistributed earnings after taxes.

Capital redemption reserve

Capital redemption reserve has been created pursuant to the requirements of the Act under which the Company is required to transfer certain amounts on redemption of preference shares. The Company has redeemed the underlying preference shares in the earlier years. The capital redemption reserve can be utilised for issue of bonus shares.

Other Comprehensive Income

This represents the cumulative gains and losses arising on the revaluation of preference instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to retained earnings when such assets are disposed off.

34.3 Financial Instrument measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

35 FAIR VALUE MEASUREMENT

35.1 Quantitative disclosures of fair value measurement hierarchy for financial assets and financial liabilities

Particulars	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
As at March 31, 2023

Investment in preference shares (Refer Note 9)	-	-	156.90	156.90
Total of Financial Assets	-	-	156.90	156.90

35.2 There is transfer from level 3 to level 2 due to change in categorisation from lowest level input to using third party pricing information without adjustments, to the fair value measurement as a whole. At respective year end, the financial instruments are categorised as level 2 based on the third party pricing information available and as level 3 in case the lowest level input that is significant to the fair value measurement is unobservable. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

35.3 Valuation Methodology

The Company has measured fair value for Level 2 investment using third party pricing information without adjustments.

The Company has measured fair value for Level 3 investment based on external valuer report as at March 31, 2022.

36 FINANCIAL RISK MANAGEMENT

The Company's financial liabilities comprise mainly of borrowings, lease liabilities, vehicle floor plan, trade payables and other financial liabilities. The Company's financial assets comprise mainly of cash and cash equivalents, investments, other balances with banks, loans given, trade receivables and other financial assets.

The Company's business activities are exposed to a variety of financial risks, namely market risk, credit risk and liquidity risk.

The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework who are responsible for developing and monitoring the Company's risk management policies. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Board of directors of the Company. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board of directors.

36.1 Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. The Company does not have any outstanding balance in foreign currencies and hence it is not exposed to foreign currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

The Company manages market risk through a treasury department, which evaluate and exercises control over the entire process of market risk management.

Interest rate risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. Interest rate change does not affects significantly short-term borrowings therefore the Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligation with floating interest rates.

FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

(All amount in ₹ Millions unless otherwise stated)

36.2 Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash and cash equivalents and has undrawn short-term line of credits from banks to ensure necessary liquidity. The Company closely monitors its liquidity position and deploys a robust cash management system.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

As at March 31, 2023	Carrying Amount	upto 1 year	1-5 years	More than 5 years	Total undiscounted cash flows

Total	1,895.12	1,458.67	486.83	59.54	2,005.04

36.3 Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk for the Company primarily arises from credit exposures to trade receivables, loans given, deposits with landlords for properties taken on leases and other receivables including balances with banks.

Trade and other receivables: The Company's business is predominantly through credit card, cash collections, insurance companies and receivable from Mercedes-Benz (OEM), hence the credit risk on such transactions are minimal. The Company has adopted a policy of dealing with only credit worthy counterparties in case of institutional customers and the credit risk exposure for institutional customers is managed by the Company by credit worthiness checks. All trade receivables are also reviewed and assessed for default on a regular basis. Further, Trade and other receivables consist of a large number of end customers hence, the Company is not exposed to concentration risks. In relation to credit risk arising from commercial transactions, necessary provisions are recognised for trade receivables when objective evidence exists that the Company will be unable to recover all the outstanding amounts in accordance with the original contractual conditions of the receivables. The Company considers the solvency, liquidity, asset quality and management prudence of the counter parties, as well as the performance potential of the counter parties. Refer note 14 for the disclosures for trade receivables.

The Company also carries credit risk on lease deposits with landlords for properties taken on leases, for which agreements are signed and property possessions timely taken for its operations.

The risk relating to refunds after shut down of leased premises is managed through successful negotiations or appropriate legal actions, where necessary.

Defined Benefit Plan:

The Company has a defined benefit gratuity plan (non-funded) and is governed by the Payment of Gratuity Act, 1972. Under the Act, every employee who has completed at least five year of service is entitled to gratuity benefits on departure at 15 days salary (last drawn salary) for each completed year of service. To reduce the overall liabilities on departure, the Company makes monthly payments to employees along with other salary payments which has been expensed out on monthly basis. Each year, the management reviews the balance of payments actually made to the employees while monthly processing, which can be offsetted against the liabilities determined at retirement, death, incapacitation or termination of employment, based on the independent legal opinion obtained by the Company. Such review includes the actual payment - liability matching strategy. The management recognise additional expense to the extent of deficit of actual payment over defined benefit obligations actuarially determined using the Projected Unit Credit method as below.

(All amount in ₹ Millions unless otherwise stated)

44 EVENTS OCCURRED AFTER THE BALANCE SHEET DATE

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of financial statements to determine the necessity for recognition and/or reporting of subsequent events and transactions in the financial statements. As of May 30, 2023, there are no subsequent events and transactions to be recognised or reported that are not already disclosed.

45 W.e.f. October 01, 2021, dealership agreement of the Company for sale of new cars with Mercedes-Benz India Private Limited (MBIL) has materially changed and converted to an agency model whereby all new car sales are made directly to customers by MBIL. Under the agency agreement, customers now place orders through the Company directly to MBIL on which the Company earns commission on each sale of Mercedes-Benz cars. This change to an agency model has significantly reduced working capital requirements from October 01, 2021 since the Company is no longer required to purchase cars and carry inventory of Mercedes-Benz cars, except for demo cars.

In the Standalone Statement of Profit and Loss, the above change has the following material effect of (i) reducing expenses (namely, a reduction in purchase of cars and changes in inventories of stock-in-trade, and in interest expense due to decreased working capital financing requirements and other sales-related expenses) and (ii) reducing sale of cars revenue from Mercedes-Benz cars, as company no longer books the full sales price of vehicles sold as revenue. In the Balance Sheet, the above change has effect of reducing mainly trade receivables, inventories of cars, vehicle floor plan, GST credit receivable and payable, advances from customers.

46 BUSINESS COMBINATION

During the previous year ended March 31, 2022, the Company had acquired after sales service business of Mercedes-Benz vehicles (including maintenance, repairs and warranty work/services through its network of identified four facilities) from Shaman Wheels Private Limited. The purchase consideration of the transaction was based on the determined multiples of the Earnings Before Interest, Depreciation, Tax and Amortisation ('EBIDTA') of the Business Undertaking delivered during the valuation period less determined value of liabilities taken over in respect of Business Undertaking as at the acquisition date.

Particulars	March 31, 2022
Assets:	
Property, Plant and Equipment	170.11
Customer relationship	219.39
Non Compete fees	36.16
Inventories	17.42
Total Assets Acquired (A)	443.08
Liabilities:	
Other liabilities	138.96
Unserviced Annual Maintenance Contracts	111.01
Total Liabilities assumed (B)	249.97
Net Assets Acquired (C = A - B)	193.11
Purchase Consideration (D)	437.44
Goodwill arising on business combination (E = D - C)	244.33

- The determination of the fair value of customer relationship and non-compete fees was based on discounted cash flow method. Key assumptions on which the management has based fair valuation includes estimated long-term growth rates, weighted average cost of capital and estimated operating margin. The Cash flow projections take into account past experience and represent the management's best estimate about future developments.
- The Property, Plant and Equipment were acquired at their fair values as on the acquisition date.
- Goodwill was attributable to future growth of business out of synergies from these acquisitions and assembled workforce.

49 EMPLOYEE STOCK OPTION PLAN

49.1 The Company has a share option scheme for certain employees of the Company and its subsidiaries. In accordance with the terms of the share option scheme, as approved by shareholders at Extra Ordinary General Meeting held on April 06, 2018, employees with a pre defined grade may be granted options to purchase equity shares. Each share option converts into one equity share of the Company on exercise.

No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised within four years from the date of grant, as per vesting schedule. The share options vests based on a pre-determined vesting schedule from the date of grant. The fair value of the share options is estimated at the grant date using a black schole pricing model, taking into account the terms and conditions upon which the share options are granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest. There are no cash settlement alternatives.

INDEPENDENT AUDITOR'S REPORT

To The Members of Landmark Cars Limited (Formerly known as Landmark Cars Private Limited)

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of Landmark Cars Limited (Formerly known as Landmark Cars Private Limited) ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Parent's Board of Directors is responsible for the other information. The other information comprises the Director's report including annexure thereto, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. This report is expected to be made available to us after the date of this audit report.
- Our opinion on the consolidated financial statements does not cover the other information and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, compare with the financial statements of subsidiaries, to the extent it relates to these entities and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the other information identified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in

INDEPENDENT AUDITOR'S REPORT (Contd.)

accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of

INDEPENDENT AUDITOR'S REPORT (Contd.)

our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit, we report, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2023 taken on record by the Board of Directors of the Company and subsidiary companies incorporated in India, none of the directors of the Group companies is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary companies incorporated in India, the remuneration paid by the Parent and such subsidiary companies to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 37 to the consolidated financial statements;
 - ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii) There were no amounts which were required to be transferred to the Investor Education

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Landmark Cars Limited (Formerly known as Landmark Cars Private Limited) (hereinafter referred to as “Parent”) and its subsidiary companies which are companies incorporated in India, as of that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (Contd.)

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary companies, which are companies incorporated

in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Group’s consolidated financial statements for the year ended March 31, 2023 were approved by the Board of Directors and authorised for issue on May 30, 2023.

2 BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS:

2.1 Basis of preparation and statement of compliance

The consolidated financial statements of the Group have been prepared in accordance with the recognition and measurement principles of Indian Accounting Standard (referred to as Ind AS)

prescribed under section 133 of the Companies Act, 2013 (‘the Act’) read with the Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, considering other relevant provisions of the Act.

These Consolidated Financial Statements have been prepared under historical cost convention on accrual basis except certain financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies. Historical cost is generally based on the fair value of consideration given in exchange for goods and services.

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, by the Group, to all the periods presented in the said Consolidated financial statements except for the amended standards adopted by the Group (Refer Note 3).

The preparation of the said Consolidated financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgement in the process of applying the Group accounting policies. The areas where estimates are significant to the Consolidated financial statements, or areas involving a higher degree of judgement or complexity, are disclosed in Note 2.2

2.2 Significant accounting estimates , judgements and assumptions

The preparation of Consolidated Financial Statement requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following Notes:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

- **Impairment of financial assets:**

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- **Taxation (Refer Note 33):**

Deferred tax, subject to the consideration of prudence, is recognised on temporary differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognised to the extent that there is reasonable certainty that sufficient future tax income will be available against which such deferred tax assets can be realised.

- **Share based payment (Refer Note 43):**

Employees of the Group with a pre-defined grade is granted options to purchase equity shares. Each share option converts into one equity share of the Group on exercise. In accordance with the Ind AS 102 Share Based Payments, the cost of equity settled transactions is measured using the fair value method. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the consolidated statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning of the period and end of that period and is recognised in employee benefits expense.

- **Impairment of Goodwill :**

Estimates related to assessment of goodwill is disclosed in Note 7.

- **Depreciation and Useful Life of Property, Plant and Equipment (Refer Note 5):**

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the

management. Property, Plant and Equipment are depreciated over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is revised if there are significant changes from previous estimates.

- **Fair Value Measurement**

For estimates relating to fair value of financial instruments Refer Note 9 and 35.

2.3 Principles of Consolidation

The Consolidated Financial Statement incorporate the financial statements of the Parent and entities controlled by the Parent (its subsidiaries) up to March 31, 2023.

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee),
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with the Group's accounting policies.

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial information for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial information in preparing the consolidated financial information to ensure conformity with the group's accounting policies.

The Consolidated Financial Statement of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent i.e. for the year ended March 31, 2023.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment,

are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Consolidated Statement of profit and loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are identified separately from the Group's equity therein. Those interests of non-controlling shareholders that are present ownership interests entitling their holders to a proportionate share of net assets upon liquidation may initially be measured at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement is made on an acquisition-by-acquisition basis. Other non-controlling interests are initially measured at fair value. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of the subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

When the Group loses control of a subsidiary, the gain or loss on disposal recognised in profit or loss is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), less liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as required/ permitted by applicable Ind AS's). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109 when applicable, or the cost of initial recognition of an investment in an associate or a joint venture.

Following subsidiary companies, which are incorporated in India, have been considered in the preparation of Consolidated financial statement.

Basis of Measurement

The Consolidated Financial Statement have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities and share based payments that are measured at fair value. The accounting policies have been consistently applied by the Group unless otherwise stated.

Functional and Presentation Currency

The Consolidated Financial Statement have been prepared and presented in Indian Rupees (₹), which is also the Group's functional currency.

Rounding off

All amounts disclosed in the Consolidated Financial Statement and Notes have been rounded off to the nearest Millions, unless otherwise stated.

2.4 Revenue Recognition

Revenue from operations

Revenue from contracts with customers is recognised on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Group is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract.

This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of products:

Revenue from sale of products is recognised when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e. when the material is dispatched to the customer or on delivery to the customer, as may be specified in the contract.

Rendering of services:

Revenue from services is recognised over time by measuring progress towards satisfaction of performance obligation for the services rendered. The Group uses output method for measurement of revenue from rendering of services based on time elapsed and / or parts delivered.

Commission, schemes and incentive income

Commission income is recognised when services are rendered and in accordance with the commission agreements. Schemes and Incentive income is

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

recognised when the services are rendered and as per the relevant scheme/ arrangement provided by the original equipment manufacturer (OEM).

Extended Warranty

Income of the extended warranty contracts are recognised on straight line basis over the contractual period to which warranty service relates. Incremental costs of obtaining such contracts is recognised as an asset, if the Group expects to recover those costs over the contract period.

All other incomes are recognised and accounted for on accrual basis.

2.5 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably.

All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Consolidated Statement of profit and loss for the period during which such expenses are incurred.

Property, Plant and Equipment not ready for the intended use on the date of the consolidated statement of assets and liabilities are disclosed as "Capital work-in-progress".

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognised in the Consolidated Statement of profit and loss when the asset is derecognised.

Depreciation on Property, Plant and Equipment is calculated on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Leasehold improvements are amortised over the period of the lease (Refer Note 42), including extension period,

if any. Residual value of the leasehold improvements are considered as 5% of cost except in case of steel used as the Group is expected to receive residual value at 50% of cost at the end of the lease period.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use.

The residual value, useful life and method of depreciation of Property, Plant and Equipment are reviewed at each reporting period end and adjusted prospectively, if appropriate.

2.6 Intangible assets

An intangible asset is recognised only where it is probable that future economic benefits attributable to the asset will accrue to the enterprise and the cost can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalised and the related expenditure is recognised in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets with finite useful life are carried at cost less accumulated amortisation and accumulated impairment loss, if any.

Intangible assets not ready for the intended use on the date of the consolidated financial information of assets and liabilities are disclosed as "Intangible Assets under Development".

Customer relationship and Non-compete fees acquired in business combination are amortised over a period of 5 years and 3 years on straight line basis respectively.

Amortisation:

Intangible Assets with finite lives are amortised over their estimated useful life on a straight-line basis over a period of 5 years. The amortisation expense on intangible assets with finite lives is recognised in the Consolidated Statement of profit and loss.

2.7 Financial Instruments

Initial recognition

The Group recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

All financial assets and liabilities are recognised at fair value on initial recognition.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to or deducted from the fair value of financial assets or financial liabilities on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Consolidated Statement of profit and loss.

Subsequent measurement

Non-derivative financial instruments

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. For such equity instruments, the subsequent changes in fair value are recognised in the other comprehensive income in the Consolidated Statement of profit and loss.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently measured at fair valued through profit or loss. Fair value changes are recognised as other income in the Consolidated statement of Profit or Loss.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Consolidated Statement of profit and loss if such gain or loss would have otherwise been recognised in the Consolidated Statement of profit and loss on disposal of that financial asset.

Financial liabilities at Fair Value through Profit or Loss (FVTPL)

A financial liability may be designated as at FVTPL upon initial recognition if:

- (a) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- (b) The financial liability whose performance is evaluated on a fair value basis, in accordance with the Group's documented risk management;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on Remeasurement recognised in the Consolidated Statement of profit and loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability.

Financial liabilities at amortised cost

Financial liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

Vehicle floor plan

Vehicle floor plan represents amount borrowed to finance the purchase of inventories of cars with the manufacturer's captive finance company considering the significance of the amount involved, the same has been presented separately on the face of balance sheet.

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognised as a deduction from equity instrument net of any tax effect.

Derecognition of Financial Liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of profit and loss.

Off-setting of financial assets and financial liabilities

Financial assets and liabilities are offset when the Group currently has a legally enforceable right to offset the recognised amount and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Modification

A modification of a financial asset or liabilities occurs when the contractual terms governing the cash flows of a financial asset or liabilities are renegotiated or otherwise modified between initial recognition and maturity of the financial instruments. Any gain/ loss on modification is charged to Consolidated Statement of profit and loss.

2.8 Taxes

Tax expense comprises current income tax and deferred tax.

Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax (including Minimum Alternate Tax ("MAT")) is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Current income tax relating to items recognised outside the Consolidated Statement of profit and loss is recognised outside the Consolidated Statement of profit and loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance-sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from initial recognition of goodwill; or an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets include Minimum Alternate Tax (MAT) credit paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax relating to items recognised outside the Consolidated Statement of profit and loss is recognised outside the Consolidated Statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.9 Impairment

Financial assets

The Group assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that loss event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated.

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The impairment loss allowance (or reversal) recognised during the year is recognised as income / expense in the Consolidated Statement of profit and loss.

Non-financial assets

Tangible and intangible assets

The carrying value of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If, any such indication exists, the Group estimates their recoverable amount and impairment is recognised if, the carrying amount of these assets/cash generating units exceeds their recoverable amount. The recoverable amount is greater of fair value less cost of disposal and their value in use. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of profit and loss.

2.10 Lease

Group as lessee

The Group's lease asset classes primarily consist of leases for showrooms, workshops, plant & machinery,

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

vehicles and stockyards. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated amortisation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the the lease term.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Lease liability and ROU assets have been separately presented in the consolidated statements of assets and liabilities and lease payments have been classified as financing cash flows.

2.11 Borrowing costs

Borrowing cost includes interest and other costs that Group has incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

All other borrowing costs are expensed in the year they occur.

Investment income earned on temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

2.12 Employee Benefits

Defined Contribution Plan

Retirement benefit in the form of provident fund, employees' state insurance fund scheme and Labour welfare scheme is a defined contribution scheme. The Company has no obligation, other than the contribution paid/payable under such schemes. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

Defined Benefit Plan

The Group has provided the benefits of gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. As per the Gratuity Plan, the Group makes monthly payment to their employees with Remeasurement option to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Gratuity which is defined benefit plans is paid per month on the basis of employee's gross salary.

Remeasurement of the net defined benefit liability comprising actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognised in Other Comprehensive Income. Such Remeasurement are not reclassified to the Consolidated Statement of profit and loss in the subsequent periods.

Compensated absences are not to be carried forward beyond 12 months and are paid per month on the basis of the employee's gross salary.

2.13 Share based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

Equity-settled transactions: The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the Consolidated Statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

No expense is recognised for awards that do not ultimately vest because service conditions have not been met. When the terms of an equity-settled award are modified, the minimum expense recognised is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

2.14 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the Consolidated Statement of profit and loss. Contingent liabilities are not recognised but disclosed unless the probability of an outflow of resources is remote. Contingent assets are disclosed where inflow of economic benefits is probable. If the effect of the time value of money is material, provisions are discounted using a current

pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

2.15 Cash and cash equivalents

Cash and cash equivalents in the consolidated statement of assets and liabilities comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.16 Earnings per share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders of the Parent with the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders of the Parent with weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.17 Inventories

Inventories are valued at lower of cost and net realizable value. Cost is determined as follows:

- i) In case of cars and vehicles, at specific cost on identification basis of their individual costs.
- ii) In case of spares and others, the same are valued at weighted average basis.

Costs includes all non refundable duties and taxes and all other charges incurred in bringing the inventory to their present location and condition. Net realizable value is the estimated selling price less estimated cost necessary to make the sale.

2.18 Segment Reporting

An operating segment is component of the Group that engages in the business activity from which the Group earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker (CODM), in deciding about resources to be allocated to the segment and assess its performance. The Group's chief operating decision maker is the Chairman of Parent Company.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on a reasonable basis have been included under “unallocated revenue / expenses / assets / liabilities”.

2.19 Current versus non-current classification

The Group presents assets and liabilities in the consolidated statement of assets and liabilities based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Group has identified twelve months as its operating cycle.

2.20 Foreign currency transactions

Initial recognition

Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Group, outstanding at the balance sheet date are at the period-end rates. Non-monetary items of the Group are carried at historical cost.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Group are recognised as income or expense in the Consolidated Statement of Profit and Loss.

2.21 Business Combinations

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration.

Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. In case of business combinations involving entities under common control, the same is accounted for using the pooling of interests method, in such case, net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition.

Goodwill arising on consolidation represents the excess of the consideration transferred over the net fair value of the Group's share of the net assets, liabilities of the acquired subsidiary, joint venture or associate and the fair value of the non-controlling interest in the acquiree. If the consideration is less than the fair value of the Group's share of the net assets, liabilities of the acquired entity (i.e. Gain on acquisition), the difference is credited to the capital reserve in the period of acquisition.

2.22 Cash Flow Statement

Cash flows are reported using the indirect method, whereby loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the group are segregated.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

3 AMENDED STANDARDS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended March 31, 2022, except for following amendments to the existing Indian Accounting Standards (Ind AS). The Group applied those amendments, for the accounting periods beginning on or after April 01, 2022, however those do not have material impact on the financial statements of the Group.

Ind AS 16 - Property, plant and equipment

The excess of net sale proceeds of items produced over the cost of testing, if any, should not be recognised in the statement of profit or loss but deducted from the directly attributable costs considered as part of cost of an item of Property, Plant and Equipment.

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

Amendments clarify the types of costs a company can include as the 'costs of fulfilling a contract' while assessing whether a contract is onerous as under:

- The incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Ind AS 103 - Business Combinations

Amendments have substituted the reference to the Framework for Preparation and Presentation of Financial Statements with Indian Accounting Standards with the reference to the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework), without changing the accounting requirements for business combinations.

Ind AS 101 - First-time Adoption of Indian Accounting Standards

If a subsidiary, joint venture of associate (together termed as subsidiary) adopts Ind AS later than its parent and applies paragraph D16(a) of Ind AS 101, then the subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transitions to Ind AS.

Ind AS 109 – Financial Instruments

For the purpose of performing the '10 % test' for derecognition of financial liabilities, in determining fees

paid, the borrower includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Ind AS 41 – Agriculture

The amendment removes the requirement to exclude cash flows for taxation when measuring fair value and thereby aligns the fair value measurement requirements in Ind AS 41 with those in Ind AS 113, Fair Value Measurement.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

4 STANDARDS THAT BECAME ISSUED BUT NOT EFFECTIVE DURING THE YEAR

The amendments to the below mentioned standards that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these standards, if applicable, as and when they become effective. The Ministry of Corporate Affairs (MCA) has notified certain amendments to Ind AS, through Companies (Indian Accounting Standards) Amendment Rules, 2023 on March 31, 2023. These amendments maintain convergence with IFRS by incorporating amendments issued by International Accounting Standards Board (IASB) into Ind AS and has amended the following standards:

1. Ind AS 101 - First-time adoption of Ind AS
2. Ind AS 102 - Share Based Payment
3. Ind AS 103 – Business Combinations
4. Ind AS 107 – Financial Instruments - Disclosures
5. Ind AS 109 – Financial Instruments
6. Ind AS 115 – Revenue from Contracts with Customers
7. Ind AS 1 – Presentation of Financial Statements
8. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
9. Ind AS 12 - Income Taxes
10. Ind AS 34 – Interim Financial Reporting

These amendments shall come into force with effect from April 01, 2023.

The Group is assessing the potential effect of the amendments on its financial statements. The Group will adopt these amendments, if applicable, from applicability date.

	478.35	231.67

The goodwill is tested for impairment annually and as at March 31, 2023, the goodwill is not impaired.

The recoverable amounts of the CGU's are determined from value-in-use calculations. The key assumptions for the value-in-use calculations are those regarding the discount rates, growth rates and expected changes to direct costs during the year. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money.

The growth rates are based on management's forecasts. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market. The Group prepares its forecasts based on the most recent financial budgets approved by management with projected revenue growth rates at 6 to 10% p.a. The rates used to discount the forecasts is 11.75% to 14.76% p.a.

Management believes that any reasonable possible change in any of these assumptions would not cause the carrying amount to exceed its recoverable amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

(All amount in ₹ Millions unless otherwise stated)

Proposed Dividend:

The Board of Directors at its meeting held on May 30, 2023 have recommended payment of final dividend of ₹ 2.25 per equity share of face value of ₹ 5 each for the financial year ended March 31, 2023 amounting to ₹ 89.16 Millions. The above is subject to approval at the ensuing Annual General Meeting of the Company and hence is not recognised as a liability.

Nature and purpose of reserves

Capital Reserve on Business Combination

Capital reserve represents the excess amount of net assets acquired over and above the liabilities pursuant to the Scheme of Arrangement and Amalgamation.

Securities premium

Securities premium represents the premium received on issue of shares over and above the face value of equity shares. The same is available for utilisation in accordance with the provisions of the Companies Act, 2013.

Share options outstanding account

The fair value of the equity-settled share based payment transactions with employees is recognised in the Consolidated Statement of Profit and Loss with corresponding credit to Stock Options Outstanding Account.

Retained earnings

Retained earnings represents the Group's undistributed earnings after taxes.

Capital redemption reserve

Capital redemption reserve has been created pursuant to the requirements of the Act under which the Group is required to transfer certain amounts on redemption of preference shares. The Group has redeemed the underlying preference shares in the earlier years. The capital redemption reserve can be utilised for issue of bonus shares.

Other comprehensive income

This represents the cumulative gains and losses arising on the revaluation of preference instruments measured at fair value through other comprehensive income, under an irrevocable option, net of amounts reclassified to retained earnings when such assets are disposed off.

35.2 There is transfer from level 3 to level 2 due to change in categorisation from lowest level input to using third party pricing information without adjustments, to the fair value measurement as a whole. At respective year end, the financial instruments are categorized as level 2 based on the third party pricing information available and as level 3 in case the lowest level input that is significant to the fair value measurement is unobservable. The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

35.3 Valuation Methodology

The Group has measured fair value for Level 2 investment using third party pricing information without adjustments.

The Group has measured fair value for Level 3 investment based on external valuer report as at March 31, 2022.

36 FINANCIAL RISK MANAGEMENT

The Group's financial liabilities comprise mainly of borrowings, trade payables, lease liabilities, vehicle floor plan and other financial liabilities. The group's financial assets comprise mainly of cash and cash equivalents, other balances with banks, loans given, trade receivables, Investments and other financial assets.

The Group's business activities are exposed to a variety of financial risks, namely market risk, credit risk and liquidity risk.

The group's senior management has the overall responsibility for establishing and governing the group's risk management framework who are responsible for developing and monitoring the group's risk management policies. The group's risk management policies are established to identify and analyse the risks faced by the group, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Board of Directors of the Group. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board of Directors.

36.1 Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. The Group does not have any outstanding balance in foreign currencies and hence it is not exposed to foreign currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

The Group manages market risk through a treasury department, which evaluate and exercises control over the entire process of market risk management.

Interest rate risk

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. Interest rate change does not affects significantly short-term borrowings therefore the group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligation with floating interest rates.

36.2 Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time, or at a reasonable price. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash and cash equivalents and has undrawn short-term line of credits from banks to ensure necessary liquidity. The Group closely monitors its liquidity position and deploys a robust cash management system.

36.3 Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk for the Group primarily arises from credit exposures to trade receivables, loans given, deposits with landlords for properties taken on leases and other receivables including balances with banks.

Trade and other receivables: The Group's business is predominantly through credit card, cash collections, insurance companies and receivables from Original Equipment Manufacturers (OEM), hence the credit risk on such transactions are minimal. The Group has adopted a policy of dealing with only credit worthy counterparties in case of institutional customers and the credit risk exposure for institutional customers is managed by the Group by credit worthiness checks. All trade receivables are also reviewed and assessed for default on a regular basis. Further, Trade and other receivables consist of a large number of customers hence, the Group is not exposed to concentration risks. In relation to credit risk arising from commercial transactions, necessary provisions are recognized for trade receivables when objective evidence exists that the Group will be unable to recover all the outstanding amounts in accordance with the original contractual conditions of the receivables. Refer Note 14 for the disclosures for trade receivables.

The Group also carries credit risk on lease deposits with landlords for properties taken on leases, for which agreements are signed and property possessions timely taken for its operations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023 (Contd.)

(All amount in ₹ Millions unless otherwise stated)

The risk relating to refunds after shut down of premises is managed through successful negotiations or appropriate legal actions, where necessary.

Credit risk arising from cash and cash equivalent and other balances with bank is limited as the counterparties are recognised banks.

Under the Schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The Group recognised ₹ 18.55 Millions (March 31, 2022: ₹ 19.16 Millions) for Provident Fund contributions, ₹ 12.28 Millions (March 31, 2022: ₹ 11.38 Millions) for Employee State Insurance Scheme and ₹ 0.22 Millions (March 31, 2022: ₹ 0.25 Millions) for Labour Welfare Fund contributions in the Consolidated Statement of Profit and Loss in Note 28. The contributions payable to these plans by the Group are at rates specified in the rules of the schemes.

Defined Benefit Plan:

The Company has a defined benefit gratuity plan (non-funded and is governed by the Payment of Gratuity Act, 1972. Under the Act, every employee who has completed at least five year of service is entitled to gratuity benefits on departure at 15 days salary (last drawn salary) for each completed year of service. To reduce the overall liabilities on departure, the Group makes monthly payments to employees along with other salary payments which has been expensed out on monthly basis. Each year, the management reviews the balance of payments actually made to the employees while monthly processing, which can be offsetted against the liabilities determined at retirement, death, incapacitation or termination of employment, based on the independent legal opinion obtained by the Group. Such review includes the actual payment - liability matching strategy. The management recognise additional expense to the extent of deficit of actual payment over defined benefit obligations actuarially determined using the Projected Unit Credit method as below.

43 EMPLOYEE STOCK OPTION PLAN

43.1 The Group has a share option scheme for certain employees of the group. In accordance with the terms of the share option scheme, as approved by shareholders at Extra Ordinary General Meeting held on April 06, 2018, employees with a pre defined grade may be granted options to purchase equity shares. Each share option converts into one equity share of the group on exercise.

No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised within four years from the date of grant, as per vesting schedule. The share options vest based on a pre-determined vesting schedule from the date of grant. The fair value of the share options is estimated at the grant date using a Black Scholes pricing model, taking into account the terms and conditions upon which the share options are granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest. There are no cash settlement alternatives.

43.2 During the year ended March 31, 2023, following stock option grants were in operation:

45 LOSS DUE TO FIRE

During the year ended March 31, 2022, Benchmark Motors Private Limited, a subsidiary company has recognised income of ₹ 6.51 Millions in the Statement of Profit and Loss upon final settlement of claims with respect to the fire incident on October 29, 2020 at Andheri workshop resulting into a loss of property, plant and equipment and inventories of spare parts and accessories.

46

W.e.f. October 01, 2021, dealership agreement of the Landmark Cars Limited (“LCL”) and Landmark Cars East Private limited (“LCEPL”) for sale of new cars with Mercedes-Benz India Private Limited (MBIL) has materially changed and converted to an agency model whereby all new car sales are made directly to customers by MBIL. Under the agency agreement, customers now place orders through the Company directly to MBIL on which LCL and LCEPL earns commission on each sale of Mercedes-Benz cars. This change to an agency model has significantly reduced working capital requirements from October 01, 2021 since LCL and LCEPL are no longer required to purchase cars from MBIL and is no longer required to carry inventory of Mercedes-Benz cars, except for demo cars.

In the Statement of Profit and Loss, the above change has the following material effect of (i) reducing expenses (namely, a reduction in purchase of cars and changes in inventories of stock-in-trade, and in interest expense due to decreased working capital financing requirements and other sales-related expenses) and (ii) reducing sale of cars revenue from Mercedes-Benz cars, as company no longer books the full sales price of vehicles sold as revenue.

In the Balance Sheet, the above change has effect of reducing mainly trade receivables, inventories of cars, vehicle floor plan, GST credit receivable and payable, advances from customers.

47 EVENTS OCCURRED AFTER THE BALANCE SHEET DATE

The Group evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of financial statements to determine the necessity for recognition and/or reporting of subsequent events and transactions in the financial statements. As of May 30, 2023, there were no subsequent events and transactions to be recognised or reported that are not already disclosed.

EXPLANATORY STATEMENT UNDER SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 4 and 5

Stock Options represent a reward system based on performance. They help companies to attract, retain and motivate the best available talent. Options also provide a company with an opportunity to optimise its personnel costs. This also provides an opportunity to the employees to participate in the growth of the Company, besides creating long term wealth in their hands.

Further, as the business environment is becoming increasingly competitive, it is important to attract and retain qualified, talented and competent personnel in the Company. Your Company believes in rewarding its Employees including Employees of Holding Company, its Subsidiary Company (ies) and/ or Associate Company(ies), Group Company(ies) [present and future] for their continuous hard work, dedication and support, which has led and will lead the Company on the growth path.

The reasons why the Company is extending its scheme to the Employee(s) of its Holding Company, its Subsidiary Company (ies) and/ or Associate Company(ies), Group Company(ies) [present and future] (“entities”) are as below:

- The said entities maybe operating entities and are critical to the operations of the Company.
- The said entities may not have any other similar schemes of their own.
- The said entities maybe unlisted, Hence, from a liquidity perspective it is logical to give stock options of the Company to the employees of such entities.

Keeping in line with the above, “**Landmark Cars Limited - Employee Stock Option Plan 2023**” (hereinafter referred to as “**Landmark – ESOP Plan 2023**”) has been formulated by the Company and to be implemented by Board/Compensation/ Nomination & Remuneration Committee in terms of provisions of Companies Act, 2013 and rules made thereunder, Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and in accordance with the requirements of SEBI (SBEB and Sweat Equity) Regulations issued by Securities and Exchange Board of India (SEBI) and other applicable laws. The Scheme has been approved by the Board of Directors at their meeting held on August 12, 2023, subject to the approval of the members.

The LANDMARK – ESOP PLAN 2023 will be operated and administered under the superintendence of the Company’s Board of Directors, Compensation / Nomination and

Remuneration Committee of Board of Directors, the majority of whose members are/will be Independent Directors as per the applicable Act/Regulations. The Board/Compensation / Nomination and Remuneration Committee will formulate the detailed terms and conditions of the LANDMARK – ESOP PLAN 2023 including:

- a. the quantum of options, shares or benefits as the case may be, per employee and in aggregate under a scheme;
- b. the kind of benefits to be granted under this scheme;
- c. the conditions under which options, shares or other benefits as the case may be, may vest in employees and may lapse in case of termination of employment for misconduct;
- d. The schedule for Vesting of the Options granted to Employees;
- e. The price at which the Options are to be granted from time to time (which will be the Exercise Price for the options at a future date);
- f. the exercise period within which the employee can exercise the options and that options would lapse on failure to exercise the same within the exercise period;
- g. the specified time period within which the employee shall exercise the vested options or in the event of termination or resignation;
- h. the right of an employee to exercise all the options, as the case may be, vested in him at one time or at various points of time within the exercise period;
- i. the procedure for making a fair and reasonable adjustment to the entitlement including adjustment to the number of options and to the exercise price in case of corporate actions such as rights issues, bonus issues, merger, sale of division and others. In this regard, the following shall, inter alia, be taken into consideration by the Board/ committee:
 - i. the number and price of options shall be adjusted in a manner such that total value to the employee of the options remains the same after the corporate action;
 - ii. the vesting period and the life of the options shall be left unaltered as far as possible to protect the rights of the employee(s) who is granted such options;
- j. the grant, vesting and exercise of shares, options or in case of employees who are on long leave;
- k. eligibility to avail benefits under this scheme in case of employees who are on long leave;

NOTICE (Contd.)

- l. the procedure for funding the exercise of options;
- m. the procedure for buy-back of specified securities issued under relevant regulations, if to be undertaken at any time by the Company, and the applicable terms and conditions, including:
 - (i) permissible sources of financing for buy-back;
 - (ii) any minimum financial thresholds to be maintained by the Company as per its last financial statements; and
 - (iii) limits upon quantum of specified securities that the Company may buy-back in financial year.

None of the Promoters, Members of the Promoter Group, Directors, Key Managerial Personnel of the Company including their relatives are interested or concerned in the resolutions, except to the extent they may be lawfully granted Options under the ESOP Plan.

NOTICE (Contd.)

The Board recommends passing of the resolutions as set out in Item No. 4 and 5 of the accompanying Notice as Special Resolutions.

Item No. 6

Pursuant to Section 118(10) of the Companies Act, 2013 read with Para 5.1.1 of Secretarial Standard-1 issued by the Institute of Company Secretaries of India, The Chairman of the Company shall be the Chairman of the Board. If the Company does not have a Chairman, the Directors may elect one of themselves to be the Chairman of the Board.

In order to make the Articles of Association (“AOA”) of the Company to align and comply with the above mentioned requirements, it is proposed to substitute the existing Article 163 of AOA.

The existing Article 163 of AOA is read as:

“The Chairman of the Company and of the Board shall be selected from among the Directors of the Board and shall be elected by the Promoter subject to such right being approved by the Shareholders through a Special Resolution in the First General Meeting of the Company held post the Trading Date. Subject to applicable law, the same individual may be appointed as the managing Director and/or the chief executive officer of the Company. If at any meeting the Chairman is not present within 15 (Fifteen) minutes after the time appointed for holding the meeting, the Directors present may choose one of their number to be the chairman of the meeting.”

Post amendment, the said Article 163 will be read as:

“The directors may elect a Chairman of their meetings and determine the period for which he is to hold office, but if no such Chairman is elected, or if at any meeting the Chairman is not present within fifteen minutes after time appointed for holding the meeting or is unwilling to act as Chairman of the meeting, then the directors present shall choose one of their member to be the Chairman of such meeting.”

Further, the existing Article 141 of the AOA which read as:

At any time on and after the commencement of listing and trading of the Equity Shares on a recognised stock exchange (“Trading Date”) until such time that the Investor

(together with its affiliates) continues to hold at least 5% (five per cent) of the issued and share capital of the Company (on a fully diluted basis), the Investor (together with its affiliates) shall have the right but not the obligation to nominate 1 (One) Director to the Board of the Company. Provided that this right will be available to the Investor subject to the approval of Shareholders by way of a Special Resolution in the First General Meeting of the Company convened after the Trading Date.

The said Article 141 does not eventuate with the long-term interest of the Company and therefore the Board recommends to amend and delete the said Article.

Pursuant to Section 14 of the Companies Act, 2013, AOA can be amended only with the approval of Members by passing a Special Resolution. The Board recommends the Special Resolution set out in Item no. 6 of the accompanying Notice, for approval by the Members.

None of the Directors and/or Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested, financially or otherwise, in the proposed resolution. The revised draft of AOA is available for inspection by the Members.(kindly refer note #20 of the Notice for the procedure for inspection).
